Designer lighting collection

Material: Black wet painted steel with main body and lightly polished details in machined aluminium.

Dimensions: L80cm, D25cm, H30 cm

Item number: Ribalta 4-head ceiling lamp

Material: Black wet painted steel with main body and lightly polished details in machined aluminium.

Dimensions: L25 cm, D25 cm, H30 cm

Item number: Ribalta 1-head ceiling lamp

Material: Black wet painted steal with main body and lightly polished details in machined aluminium.

Dimensions: W60 cm, H170 cm

Item number: Ribalta floor lamp

Material: Black wet painted steel with main body and lightly polished details in machined aluminium.

Dimensions: W38cm, H29cm

Item number: Ribalta wall lamp

Material: Black wet painted steel with main body and lightly polished details in machined aluminium.

Dimensions: L120 cm

Item number: Ribalta long arm lamp

Material: Black wet painted steel with main body and lightly polished details in machined aluminium.

Dimensions: W37 cm, H61 cm

Item number: Ribalta table lamp

Materials: Frame in steel tubing with solid steel foot. Fabric covered steel wire frame. Two E27 sockets for sufficient light.

Dimensions: L35cm, D23cm, H183CM

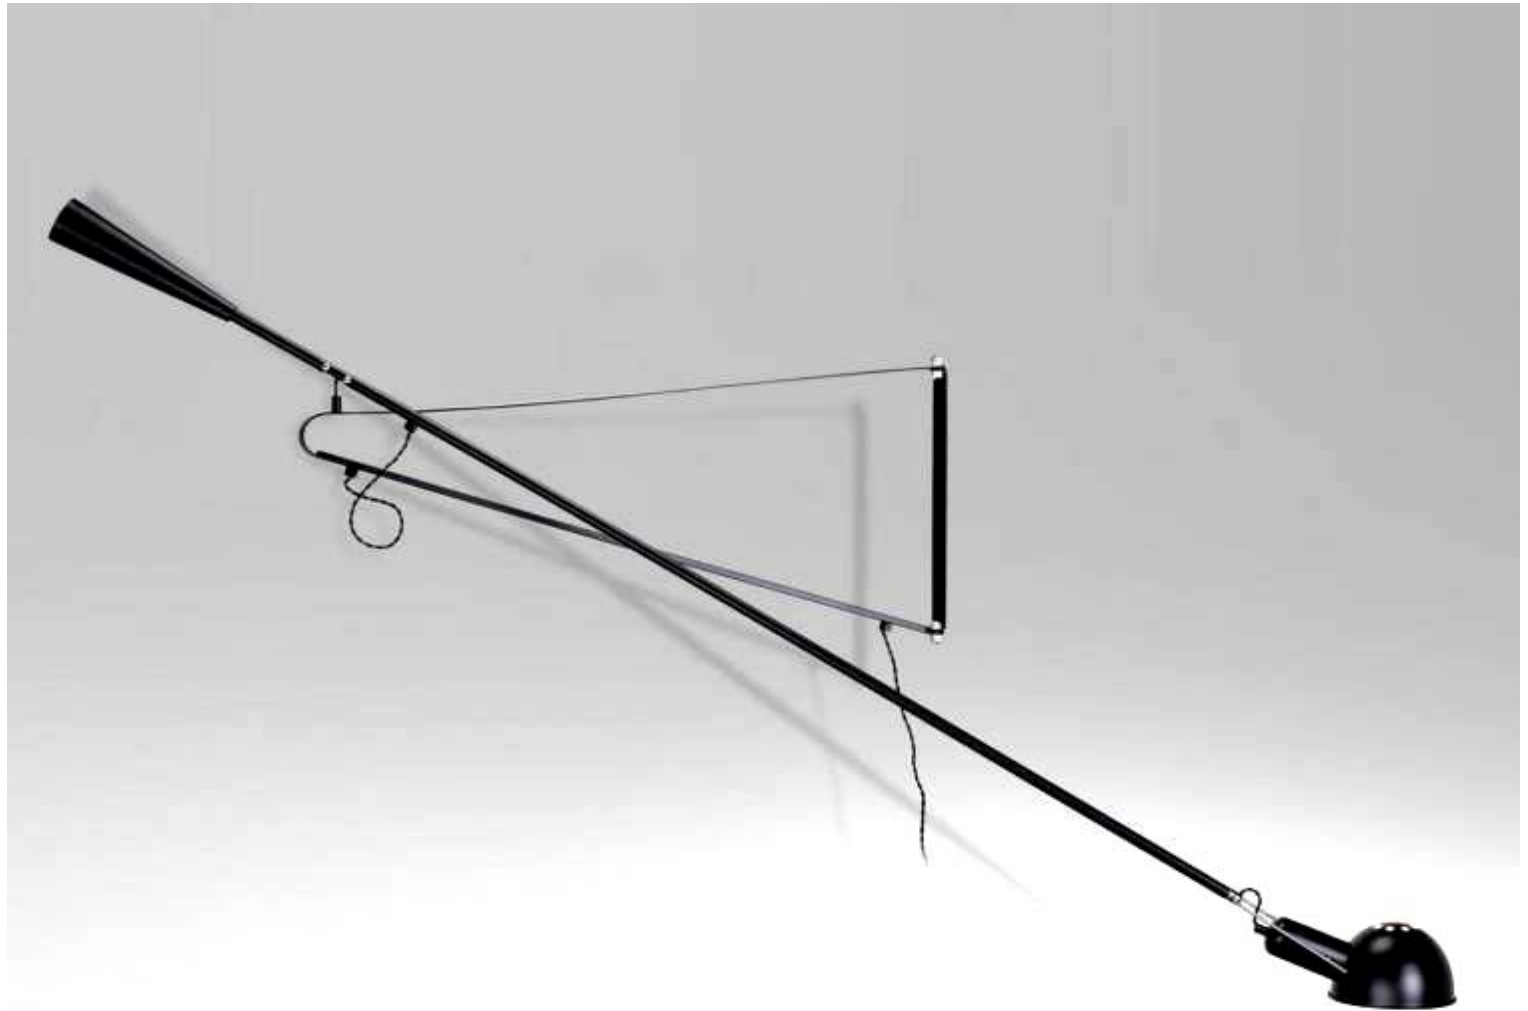

Item number: EL073

Materials: Made of tubing and shade in steel with an E27 lamp socket for max 75W and twisted fabric covered cables.

Dimensions: W175cm, H152CM

Item number: EL070

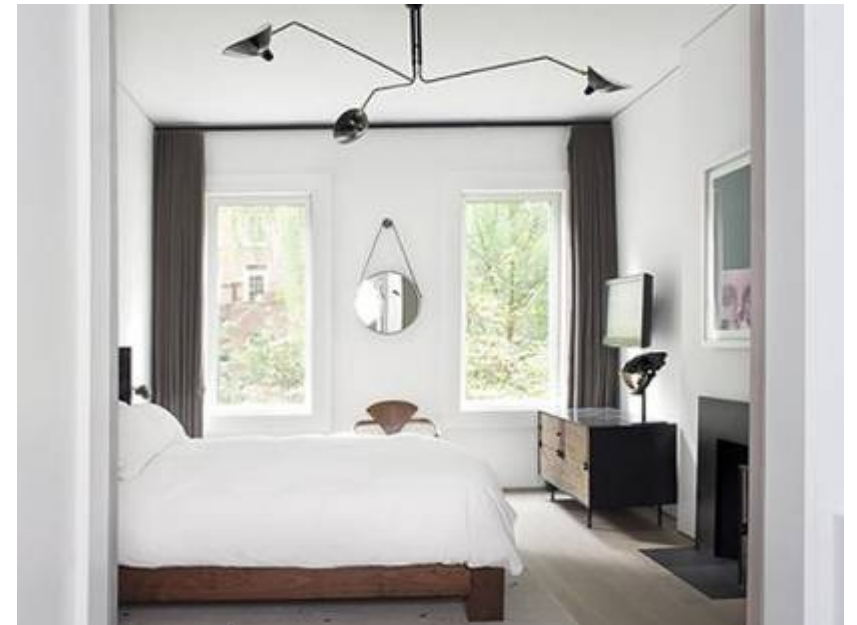

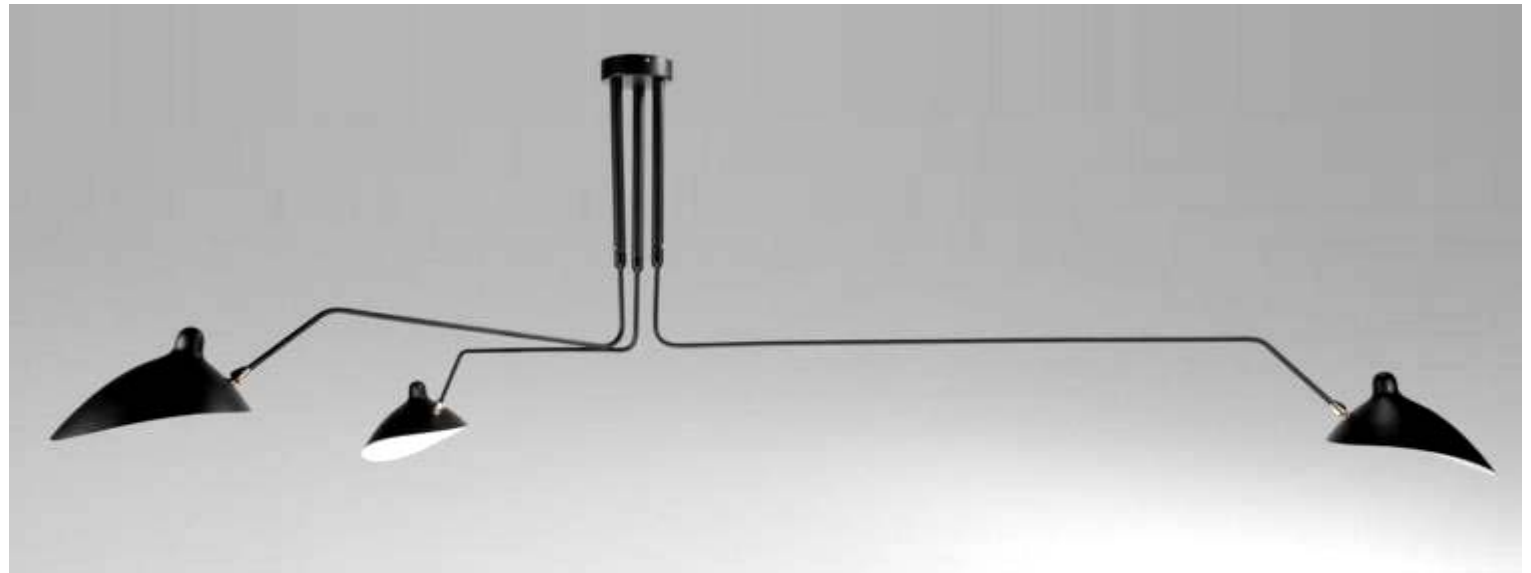

Materials: Steel tubing with ball joints and fittings in brass. Shades of aluminum - E14 socket max 60W.

Dimensions: poles' length: 135/110/85 cm, 60H cm

Item number: EL016

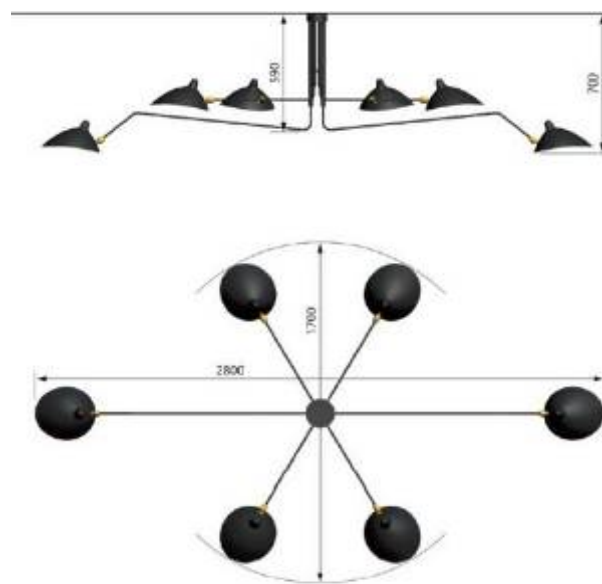

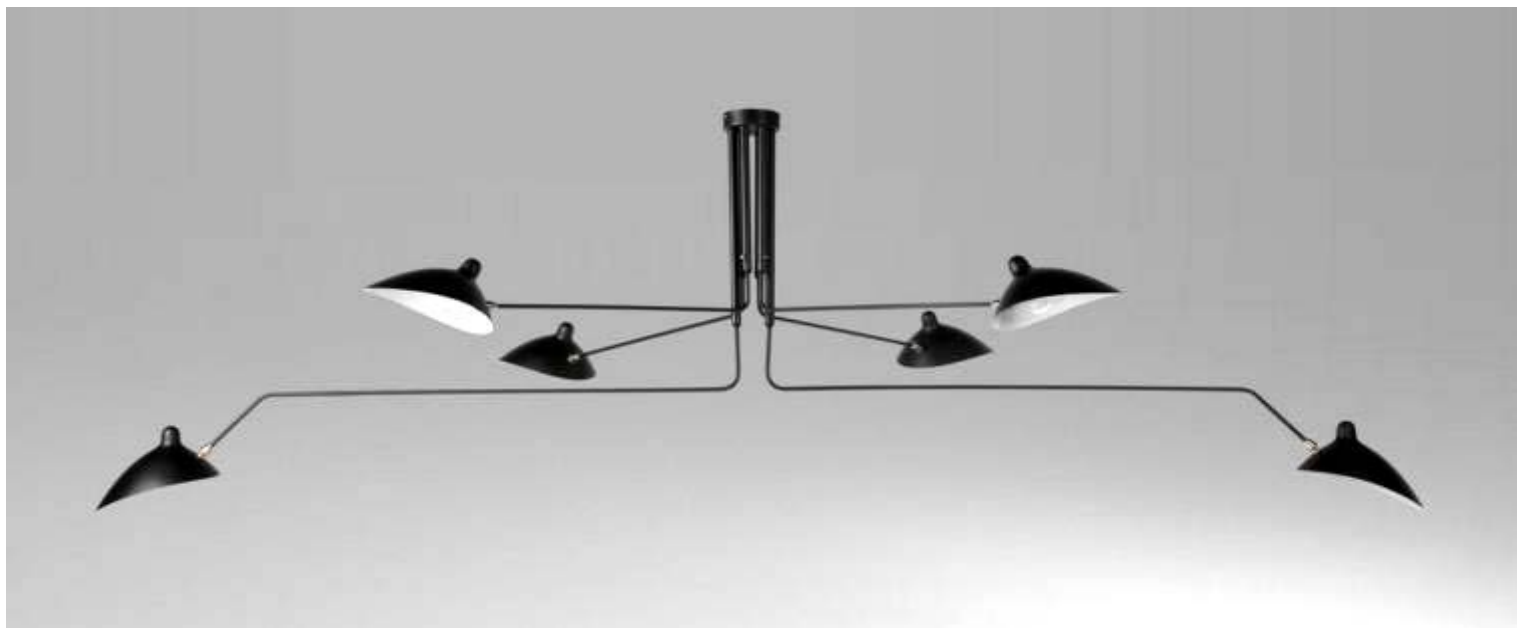

Materials: Steel tubing with brass fittings. Shades are made in spun aluminium and has E14 max 60W.

Dimensions: poles' length:

135cm, 85cm, H70cm

Item number: EL017

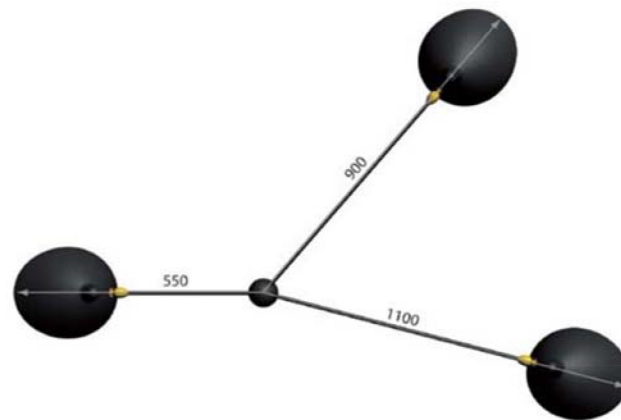

Materials: Steel tubing with brass ball joints. Aluminium shades and E14 sockets max 60W.

Dimensions: see picture

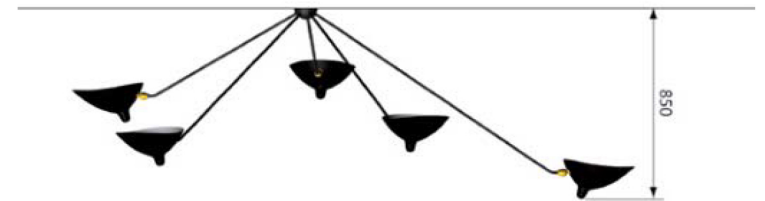

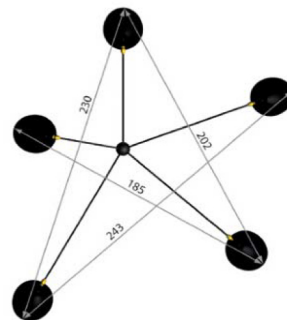

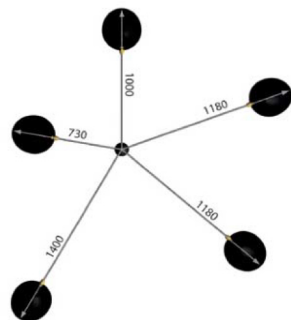

Item number: EL041

Materials: Made of steel tubing with a brass ball joints. Shades made of aluminum. E14 60W.

Dimensions: see picture

Item number: EL042

Materials: Steel tubing with brass fittings. E14 socket max 60W.

Dimensions: D31cm, L100cm

Item number: EL060

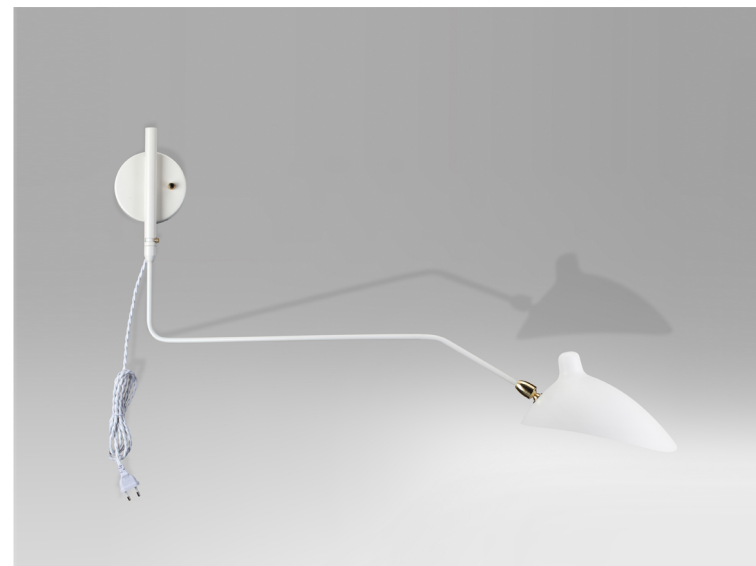

Materials: Steel tubing with brass fittings. Shade is made of aluminum. Socket is E14 with max 60W.

Dimensions: L99cm, W40cm

Item number: EL015

Materials: Steel tubing with brass fittings. Shade of spun aluminum with E14 sockets with max60W.

Dimensions: L134cm, W97cm, H75cm

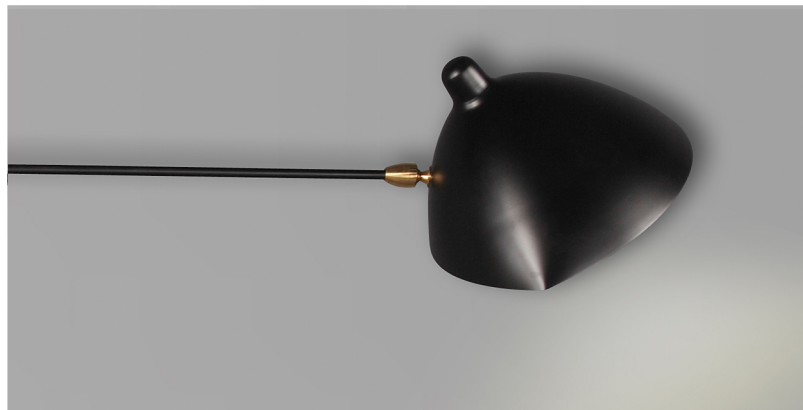

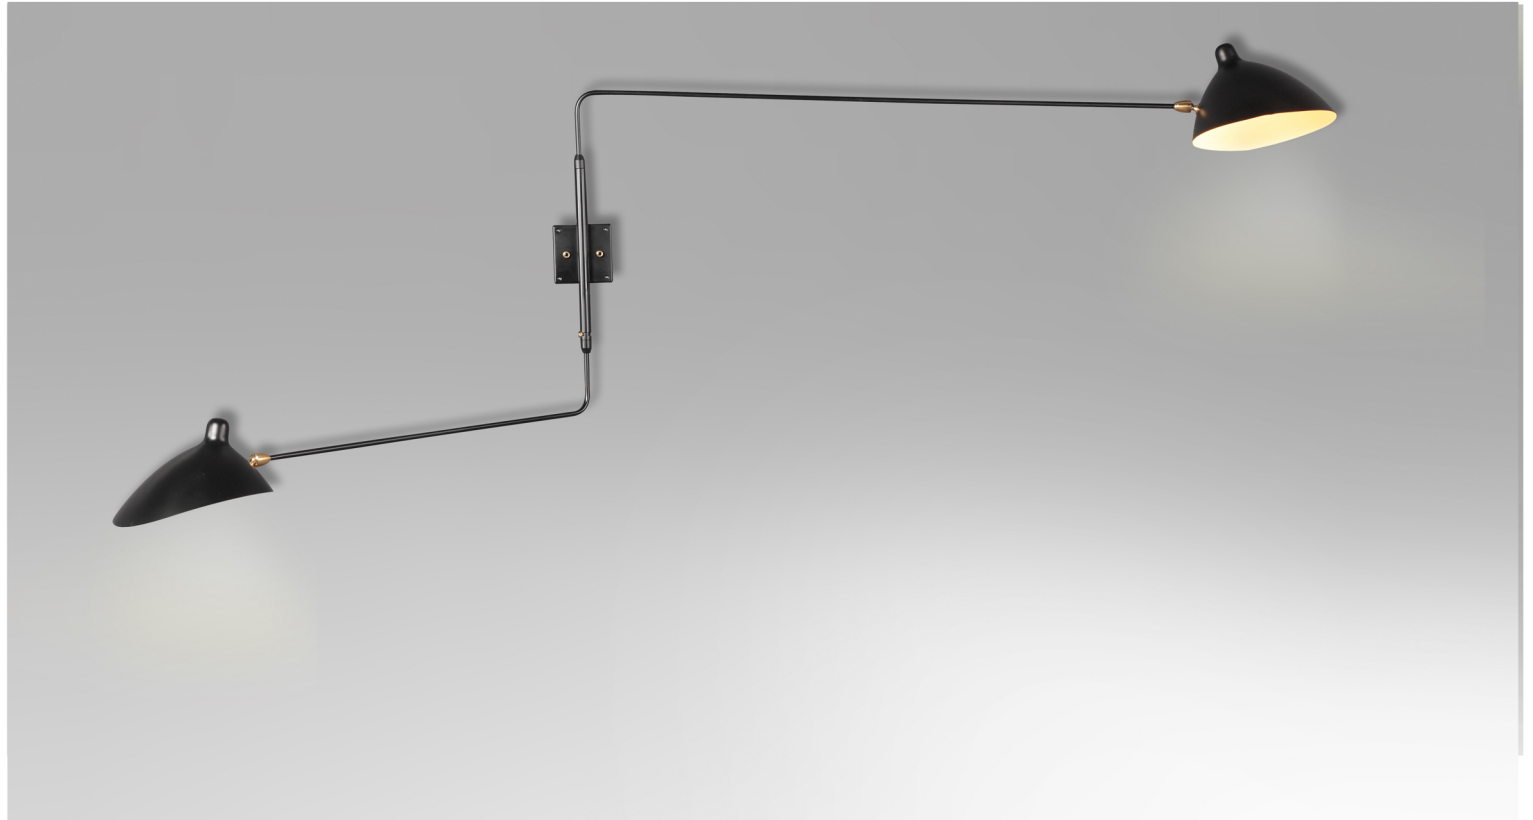

Item number: EL031

Materials: Steel tubing with brass fittings. Shades are made of spun aluminum with E14 sockets with max 60W.

Dimensions: L182cm, W113cm, H70 cm

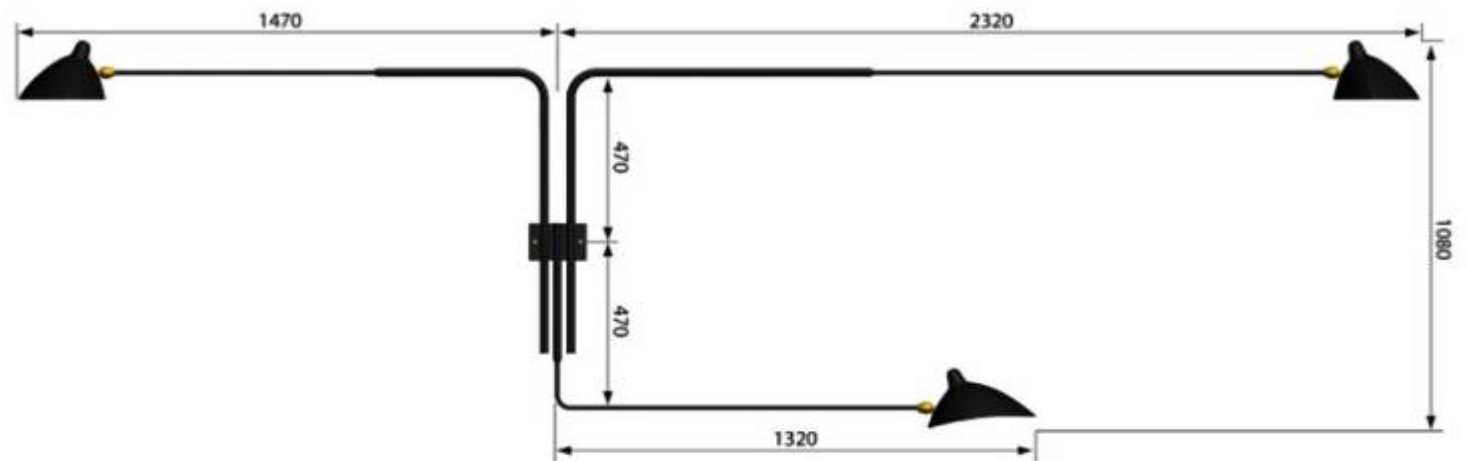

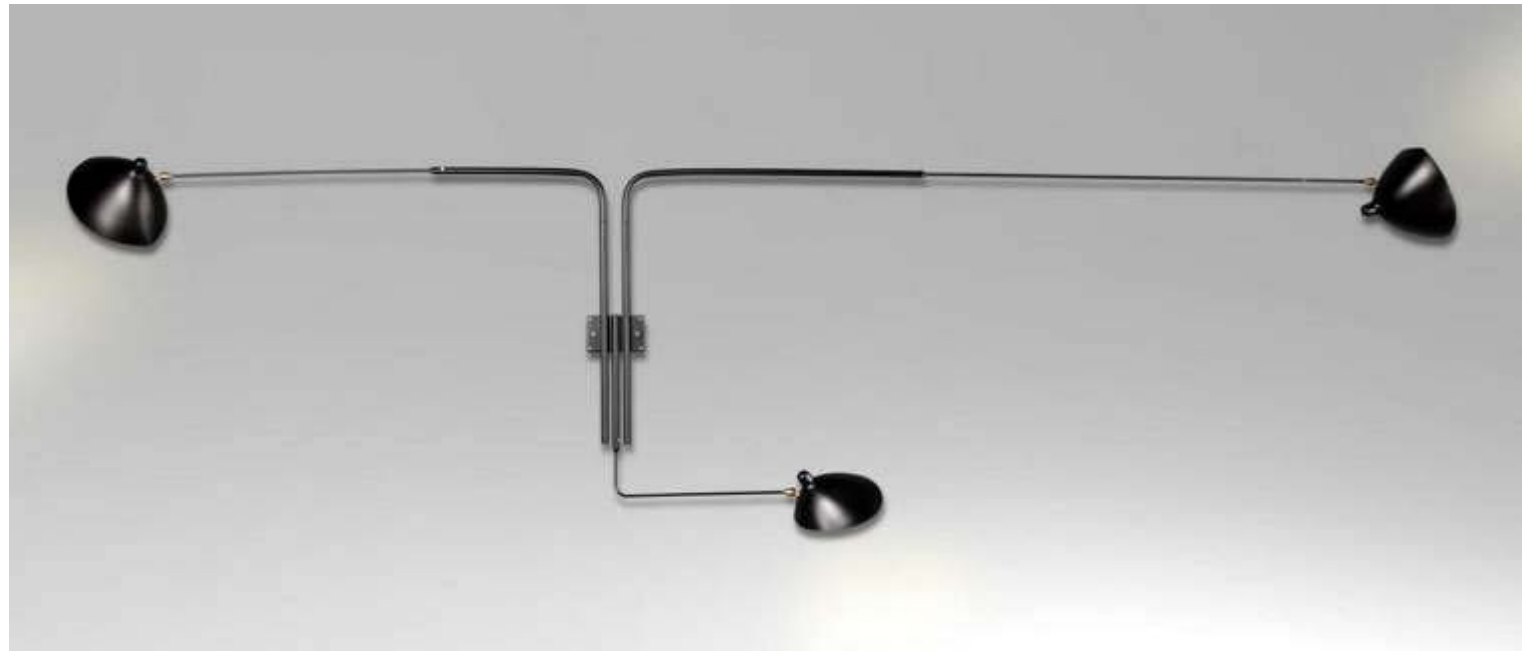

Item number: EL030

Materials: Steel tubing with brass fittings. Shades in aluminum E14 max 60W.

Dimensions: see picture

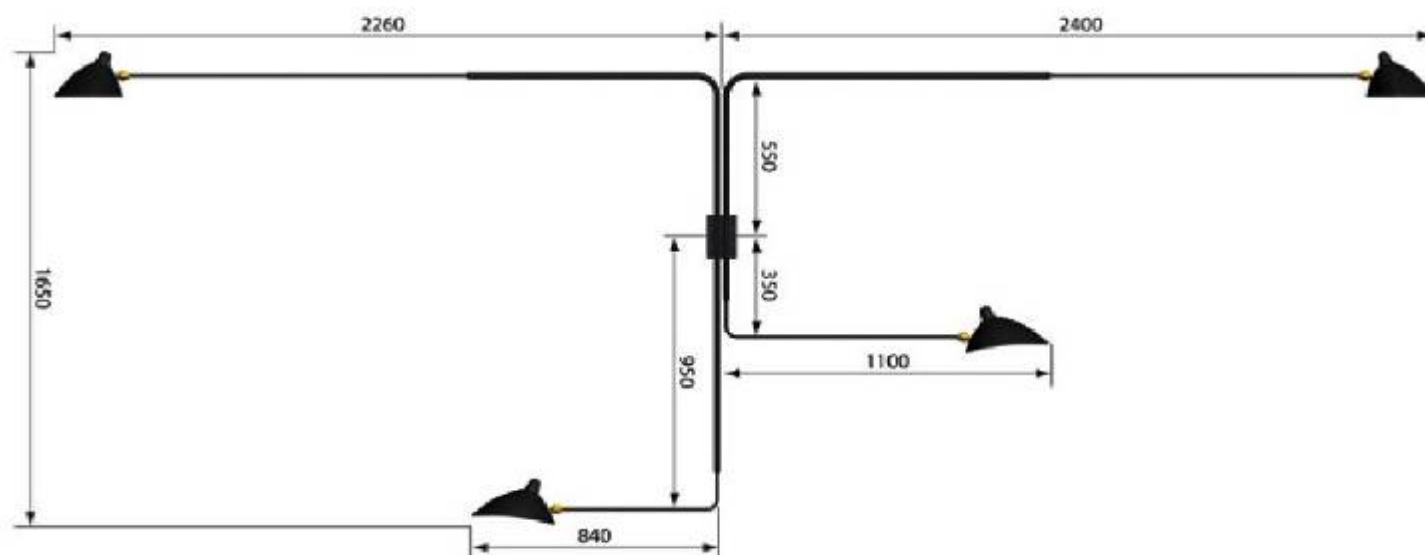

Item number: EL034

Materials: Steel tubing with brass fittings. Shades aluminum with E14 max 60W.

Dimensions: see picture

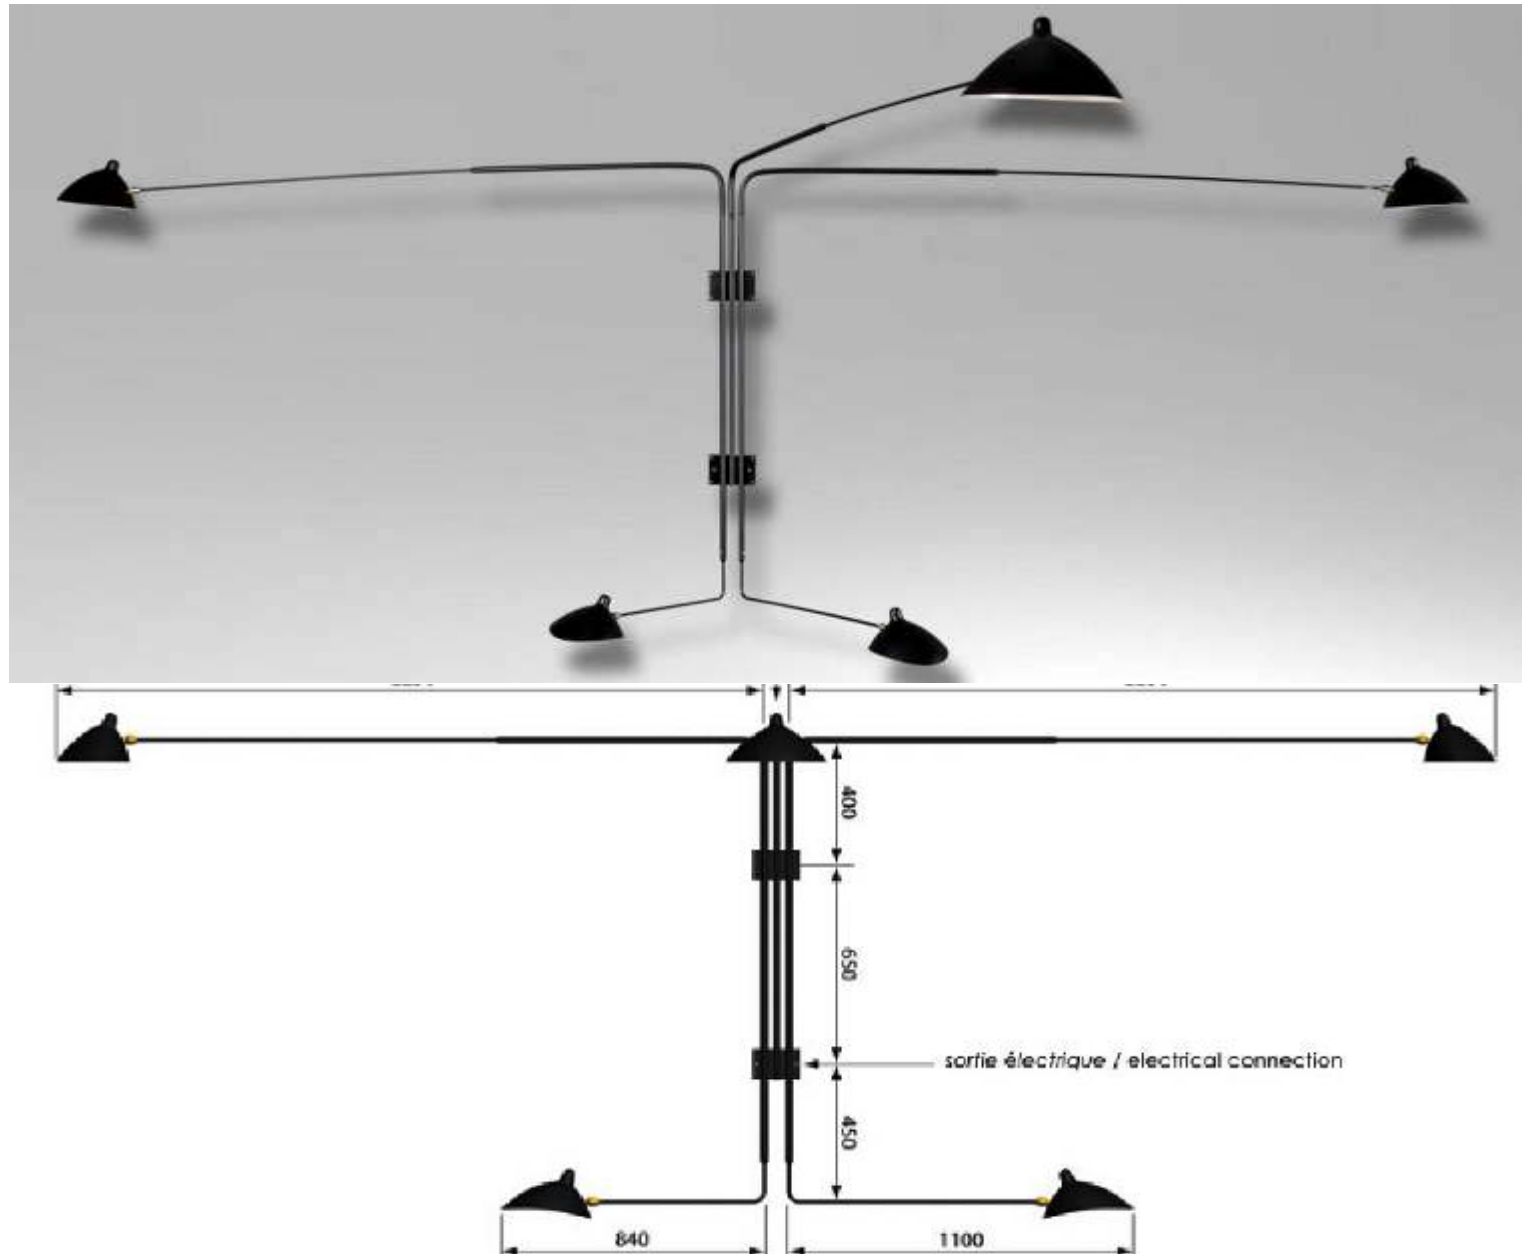

Item number: EL035

Materials: Steel tubing with brass fittings and shades in aluminum. E14 max 60W.

Dimensions: see picture

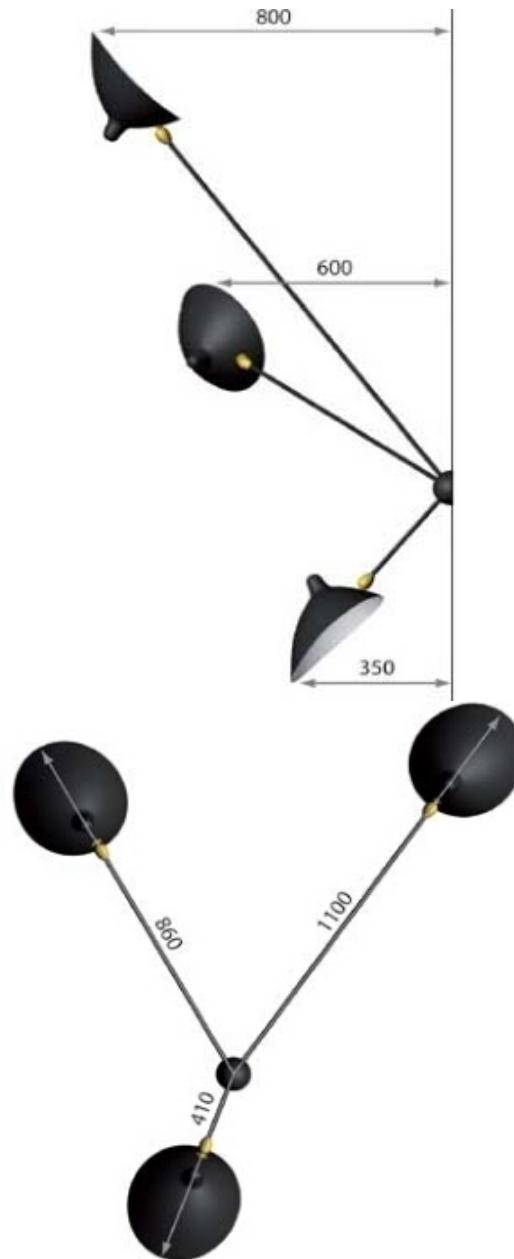

Item number: EL037

Materials: Steel tubing with a brass fittings. Shades in aluminum. E14 max 60W.

Dimensions: see picture

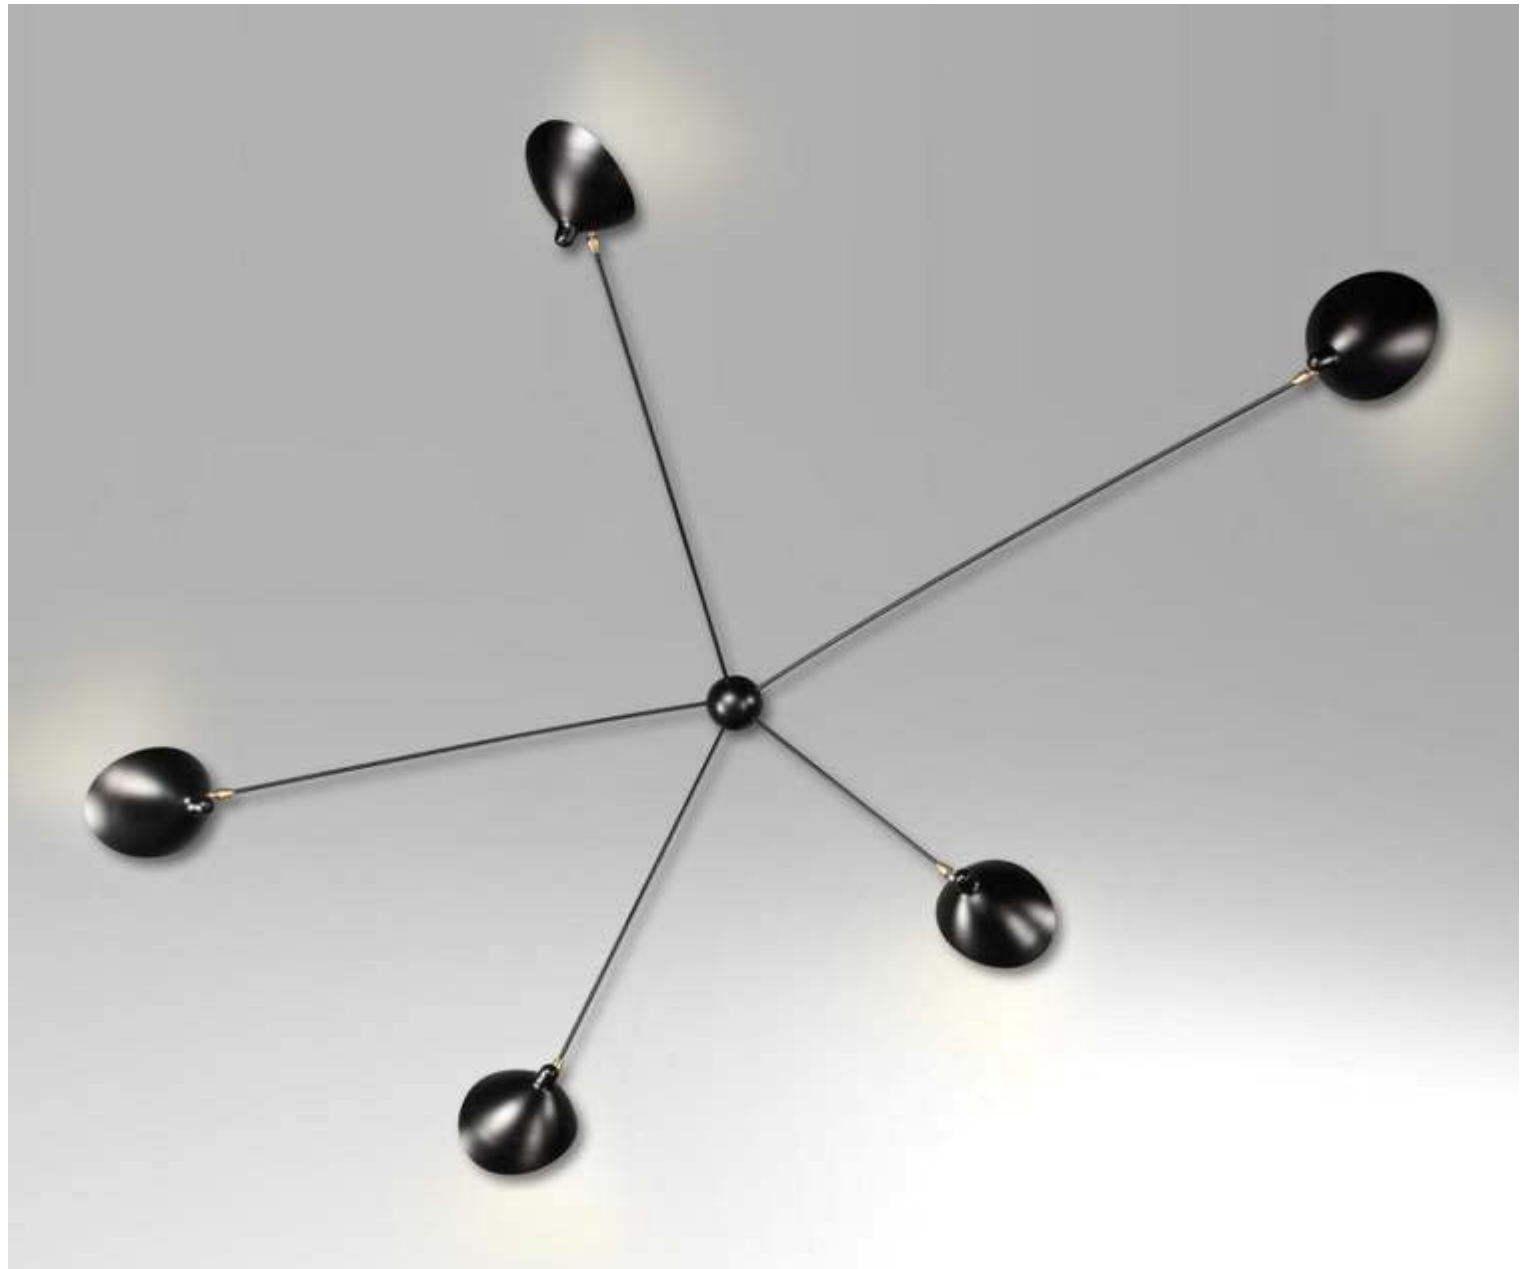

Item number: EL032

Materials: Steel tubing with a brass fittings and shades of aluminum. E14 max 60W.

Dimensions: see picture

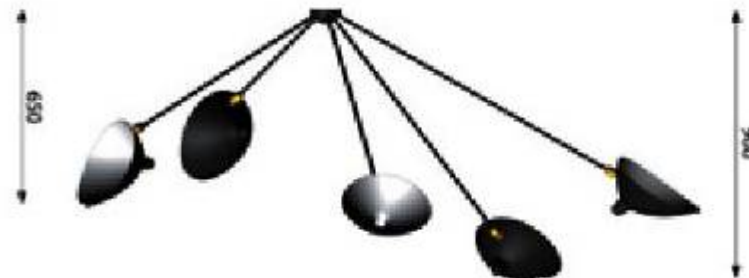

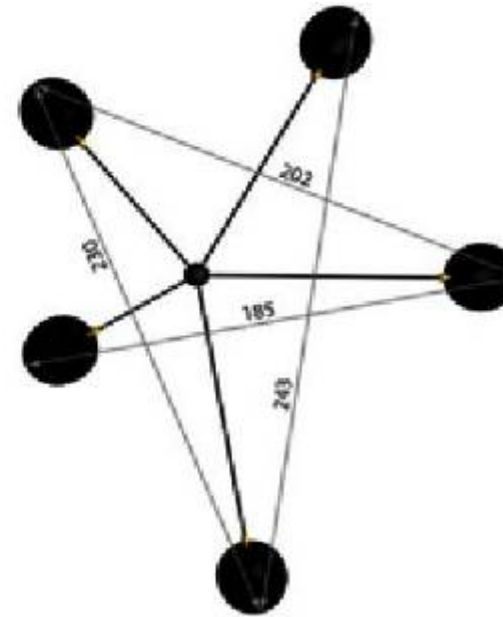

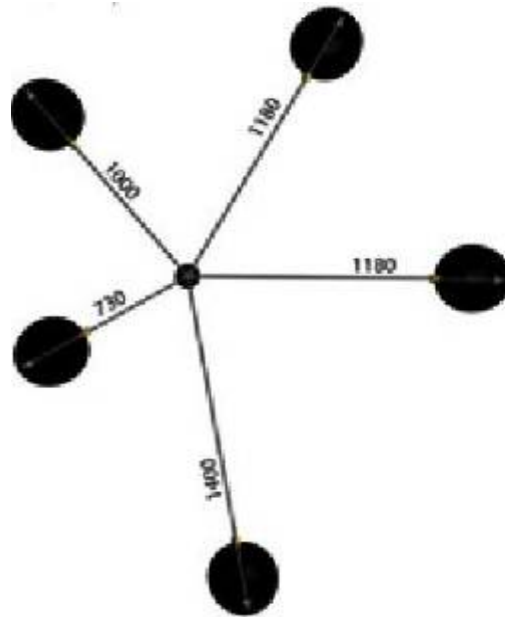

Item number: EL036

Materials: Steel tubing with a brass fittings and shades of aluminum. E14 max 60W.

Dimensions: see picture

Item number: EL036

Materials: Steel tubing with brass joint, and black twisted fabric spun cable and aluminium shade. Socket is E14 max 60W.
Dimensions: W35cm, D41.5 cm
Item number: EL059

Materials: Steel tubing with brass ball joints. Shade in aluminum with E14 socket max 60W.

Dimensions: H160cm, W46cm, D54.5cm

Item number: EL022

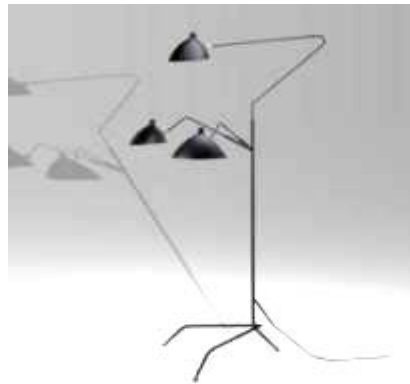

Materials: Steel tubing with brass fittings. Shades in aluminum. E14 max 60W.

Dimensions: H210cm, D140cm, W155cm

Item number: EL023

Materials: Steel tubing with brass details, solid steel base and black twisted fabric spun cable. E14 max 60W.

Dimensions: Dia14cm, H37cm

Item number: EL058

Materials: Steel tubing with brass joint, brass fitting at cable inlet, and black twisted fabric spun cable. E14with max 60W.

Dimensions: L51cm, W36cm, H49cm

Item number: EL066

Materials: Steel tubing with brass fittings aluminium shade, and black twisted fabric spun cable.

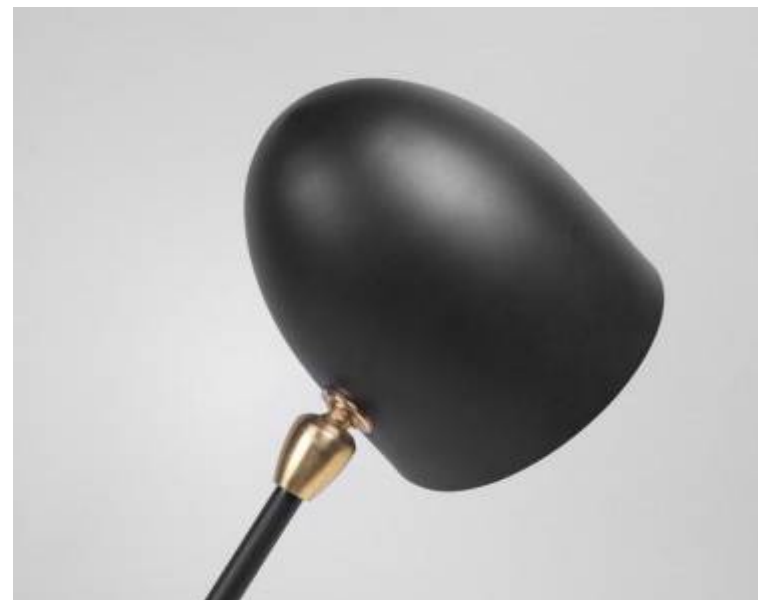

E14 max 60W.

Dimensions: D29.5, W26, H35 cm

Item number: EL057

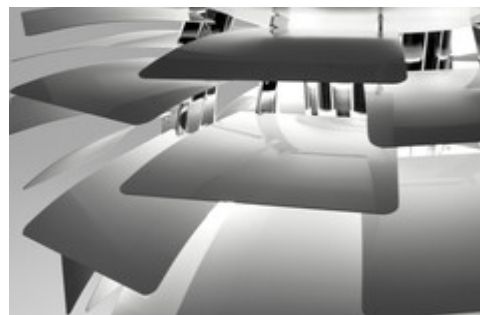

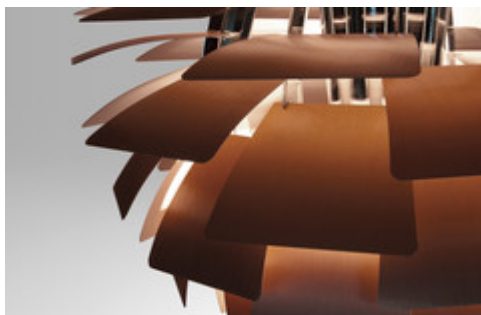

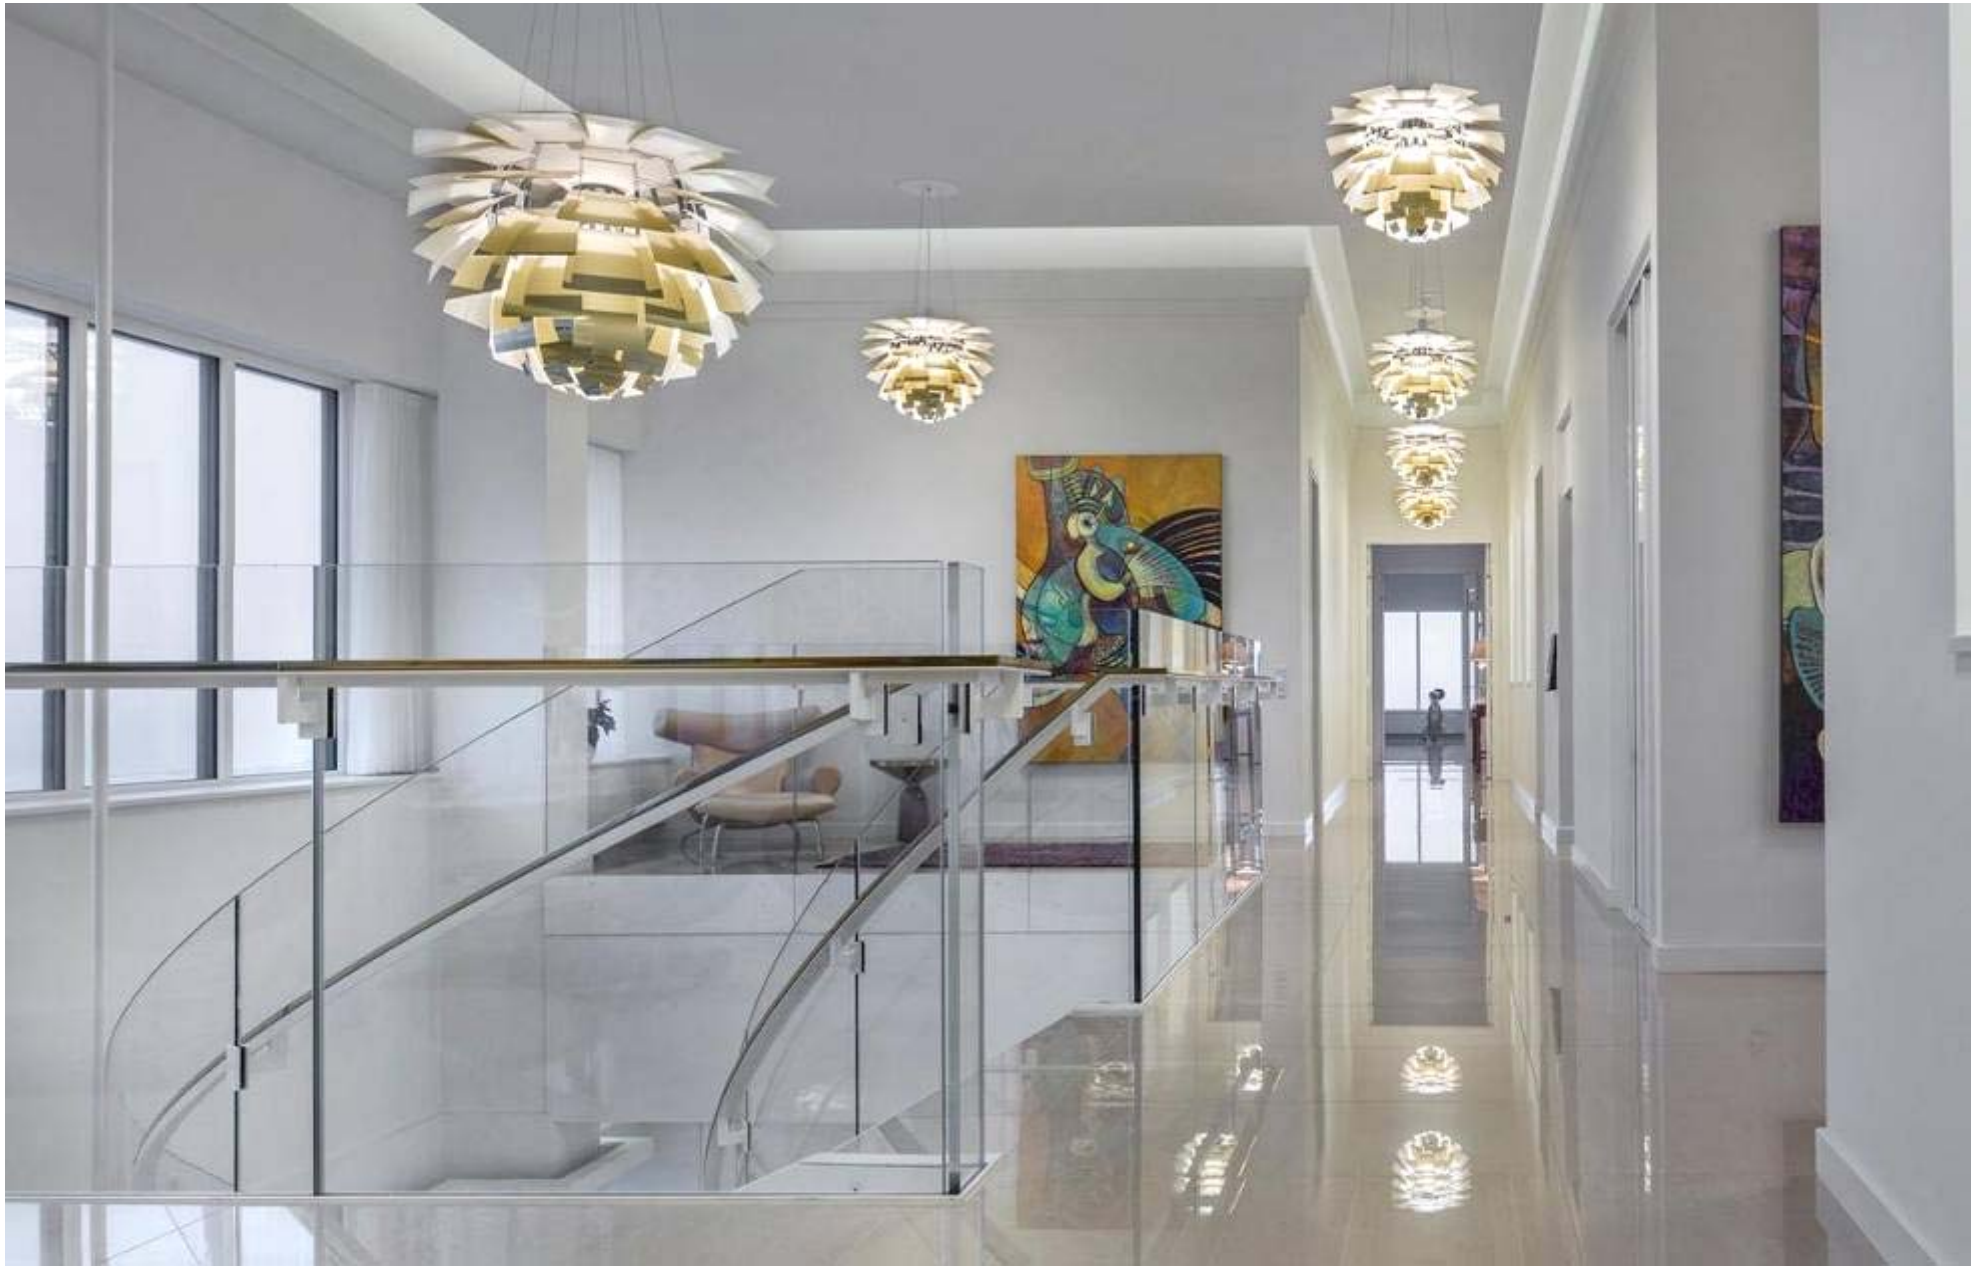

Materials: Steel tubing with brass joint and a brass fitting at cable inlet. The shade is made of aluminum. E14/max.60w
Dimensions: W30cm, H34cm
Item number: EL014

Material: laser cut leaves in aluminum with matte white painted inner side and outer side in white, copper, or aluminum finish. E27 and suitable bulb is Halogen 150W .

Item numbers and dimensions:
EL013A=Ø48cm, EL013B=Ø60cm,
EL013C=Ø72cm, EL013D=Ø84cm.

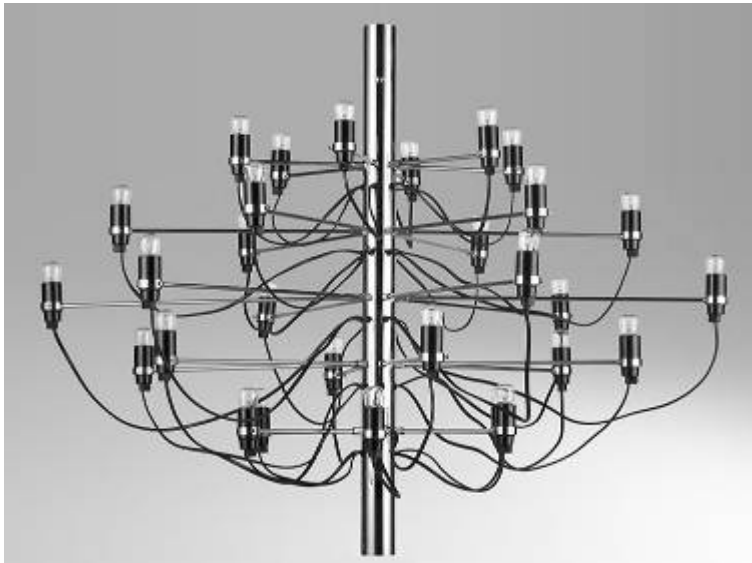

15W E14 light bulbs included.

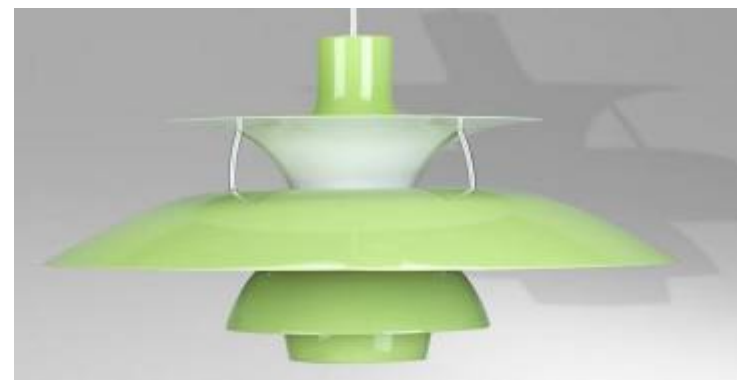

Material: Polished stainless steel
or brass finish

Dimension: 30 bulbs = Ø88cm,
H72cm, **Item number:** EL004A

Dimension 50 bulbs = Ø100cm,
H88cm, **Item number:** EL004B

Material: Spun aluminum in different colours with the inside cones painted red. The lamp comes with fabric-covered cord.
Dimension: Ø50cm, H28cm
Item number: EL010A

Material: Spun aluminum in white painting with the inside cones painted red and blue. The lamp comes with fabric-covered cord.

Dimension: Ø50cm, H28cm

Item number: EL010B

Material: Wet painted steel shades with stainless steel details. The lamp comes with fabric-covered cord.

Dimension: Ø25cm, H15cm

Item number: EL003

Material: Aluminum and steel
and fabric-covered cord.

Dimensions: Ø52cm, H7cm

Item number: EL019

Material: Aluminum and steel
with fabric-covered cord.

Dimensions: Ø50cm, H21cm

Item number: EL020

Material: Aluminum and steel
with fabric-covered cord.

Dimensions; Ø47cm, H28cm

Item number: EL018

Material: Wet painted or gold finish, inside painted white. The lamp comes with fabric-covered cord.

Dimensions: Ø17cm H20cm

Item number: EL046

Materials: Acrylic outer with metal details

Dimensions: Ø40 cm

Item number: EL028

Materials: Fabric covered steel wire frame.

Dimensions: Ø56cm, H23cm

Item number: EL065

Materials: The lamp is made of brass tubing with spun canopy.
The sockets are E14 for max 75W.
Dimensions: W62cm, H40CM
Item number: EL071

Material: Frame in tubular steel, spun curve cut aluminum shade, nickel plated joint. Socket is E14 max 60W.

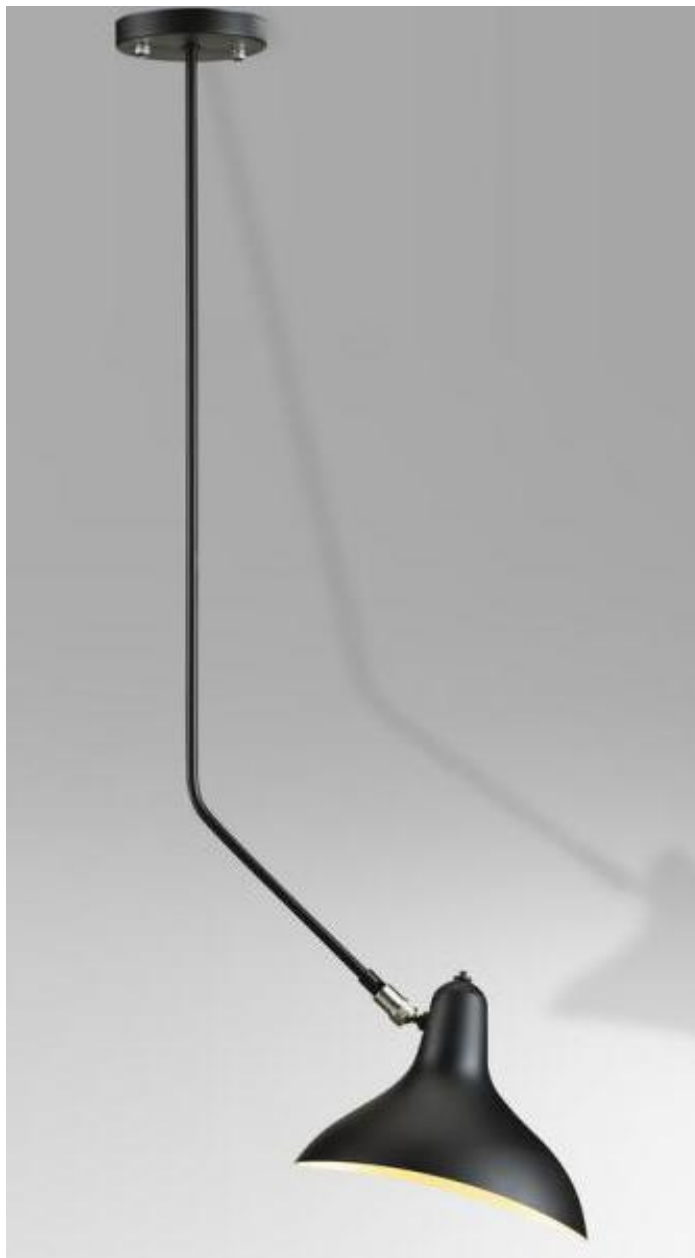

Dimension: D44cm, L102cm

Item number: EL054A

Material: Frame in tubular steel, spun curve cut aluminum shade, nickel plated joint. Socket is E14 max 60W.

Dimension: D55cm, L145cm

Item number: EL054B

Materials: The lamp is made of steel with a chromed brass joint and shade of aluminum.

Dimensions: Base 28cm, D142cm, H167 cm

Item number: EL049

Materials: The frame is made of steel tubing with a fabric covered **steel wire frame.**

Dimensions: Ø56cm, H168cm

Item number: EL064

Material: Wet painted steel stand, aluminum shade, brass hardware, with flexible brass mast.

Dimension: W50cm, D30cm, H150cm

Item number: EL072

Material: Wet painted steel stand, spun aluminum shade, brass fittings. Socket is E27 with max 60W.

Dimension: W31cm, D44cm, H121cm

Item number: EL001

Material: Brass coated steel stand, aluminum shade, brass hardware, plastic-covered cord.

Dimension: W39cm, D42cm, H122

Item number: EL001-brass

Materials: Wet painted with the stem of the lamp made of steel.
The shade is in spun steel and the base in cast aluminum.
Dimensions: Ø15 cm, W30 cm, H130 cm
Item number: EL002C

Material: Frame in tubular steel, spun curve cut aluminum shade, nickel plated joints and fabric covered twisted cord. Socket is E14 max 60W.

Dimension: D108cm, H165cm

Item number: EL053A

Material: Tubular steel, spun curve cut aluminum shade, nickel plated joints and fabric covered twisted cord. E14 with max 60W.
Dimension: Base D130cm, H165cm
Item number: EL053B

Material: Polished stainless steel with shade frame in stainless and marble foot in black or white.

Dimension: marble base dia45cm, overall height 226cm

Item number: EL005C

Material: Polished stainless steel shade with frame in stainless and marble foot in black or white.

Dimension: Overall 240H * 190-195-200 W cm, Base 55H * 24W cm

Item number: EL005

Material: The shade is blown opal glass, stem and base are chrome-coated.

Dimension: Ø33cm, H130cm

Item number: EL008B

Materials: The shade is of blown opal glass, stem and base are made in chrome-coated steel.

Dimensions: Ø45cm, H125cm

Item number: EL028B

Material: Wet painted steel

Dimensions: H152-188cm,
W52cm

Item number: EL021

Materials: The frame is made of steel tubing with a fabric covered steel wire frame.

Dimensions: Ø40cm, H75cm

Item number: EL063

Material: Frame in tubular brass with fittings in brass, shade in aluminium and fabric covered twisted cord.

Dimension: D50cm, H76cm

Item number: EL050

Material: Frame in tubular brass, aluminum shade, brass hardware, plastic-covered cord.

Dimension: W15cm, D36cm, H36cm

Item number: EL029

Material: Base in marble, shade in painted steel, arm and joints in brass with twisted fabric spun cable.

Dimension: W49cm, H69cm

Item number: EL045

Material: Frame in steel,
aluminum shade, base in cast
iron. Socket is E14 max 60W.
Dimension: D40cm, H50cm
Item number: EL061

Material: Base in painted metal, shade in painted aluminum, arm and joints in brass with black twisted fabric spun cable.

Dimension: W40cm, H50cm

Item number: EL043

Material: Painted steel shade,
legs, stem and fittings in brass
and a twisted fabric spun cable

Socket is E14 max 60W

Dimension: L35cm, D12cm,
H23cm

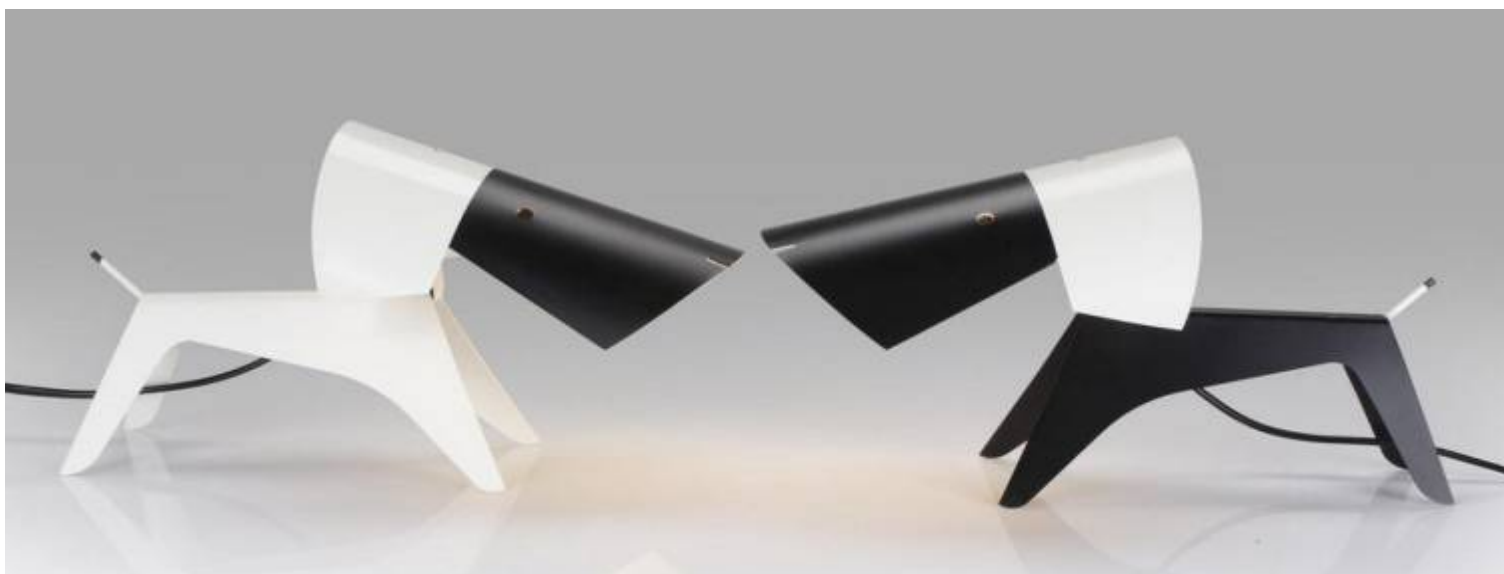

Item number: EL048

Material: Painted steel with twisted fabric spun cable.

Dimension: D11cm, H16cm

Item number: EL047

Material: Frame in steel, spun curve cut aluminum shade, nickel plated joint and fabric covered twisted cord.

Dimension: D63cm, H80cm

Item number: EL052

Material: Wet painted with the stem of the lamp made of steel. The shade is in spun steel and the base in cast aluminum.

Dimensions: Ø16 cm, W35 cm, H54 cm

Item number: EL002B

Material: The shade are made of aluminum with stainless steel details. Stem and base is in steel.

Dimension: Ø23cm, H52 cm

Item number: EL033

Materials: The lamp has a base made of aluminum base with a clear globe lamp

Dimension: Ø12.5cm, H22.5cm

Item number: EL011

Material: The shade is blown opal glass, stem and base come in brass, chrome or pearl finish.

Dimension: Ø29cm, H45cm

Item number: EL008A

Materials: The shade is of blown opal glass, stem and base are in chrome-coated steel.

Dimensions: Ø45cm, H55 cm

Item number: EL028A

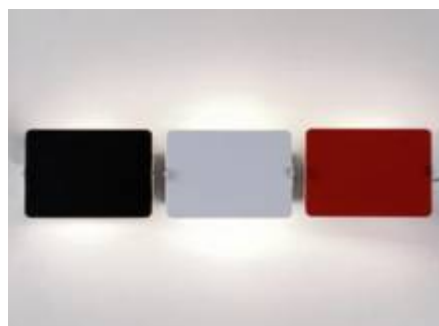

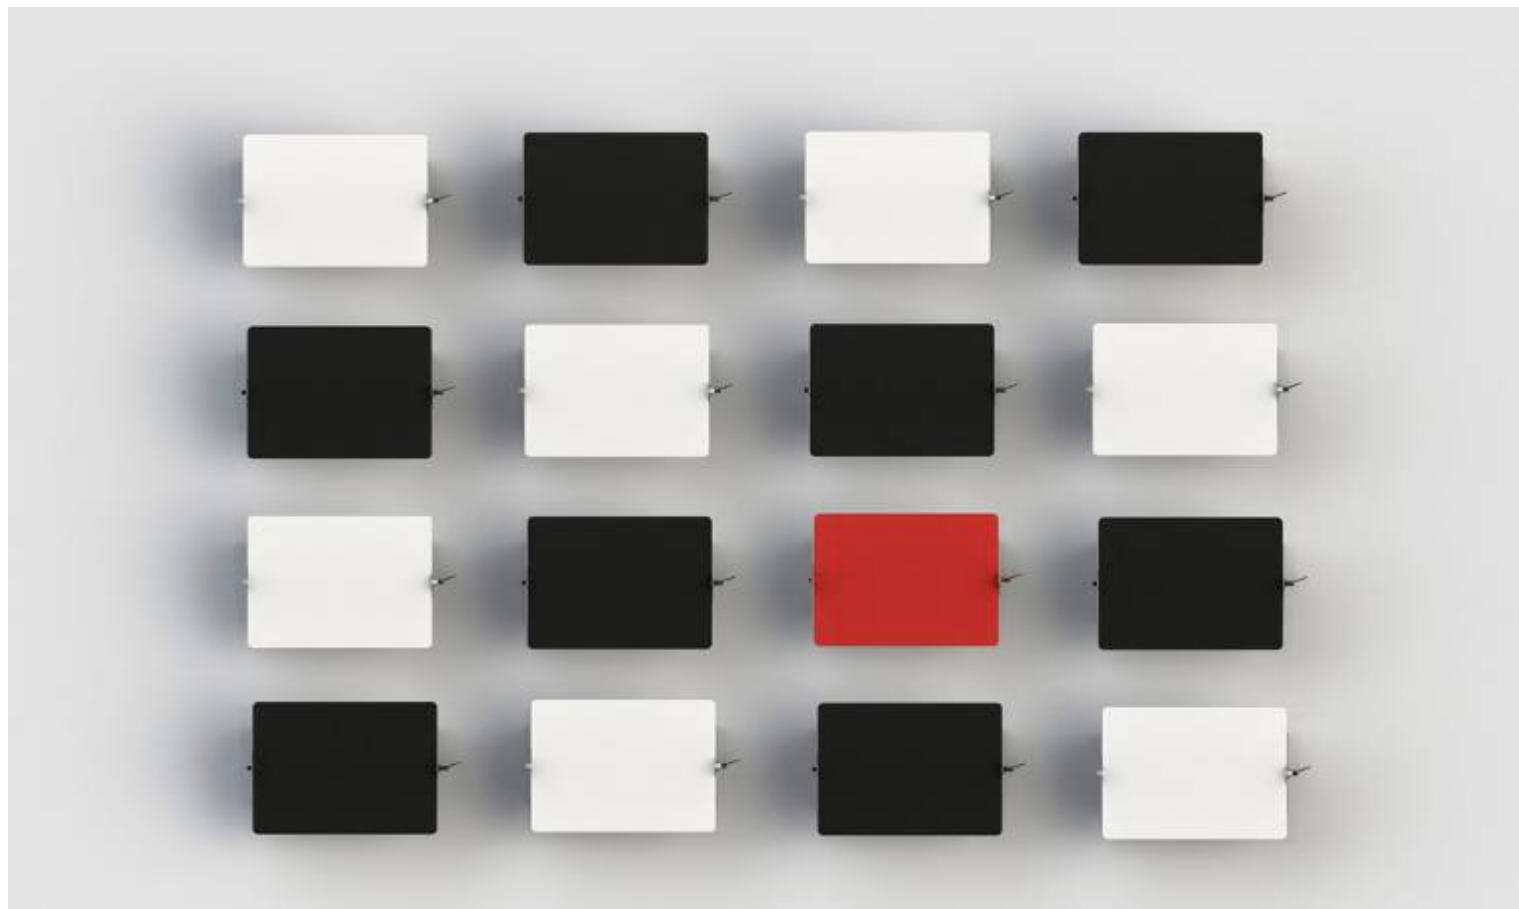

Material: Wet gloss painted steel.

Item number: EL069A: Dia18cm,
H26cm EL069B: Dia20cm,
H28cm

Materials: painted steel
Dimensions: D8cm, W17cm,
H13cm
Item number: EL024

Materials: The lamp shades are made of spun steel with a joining brass tube. Two bulbs with max 75 W.

Dimensions: Dia18cm, H38cm

Item number: EL068

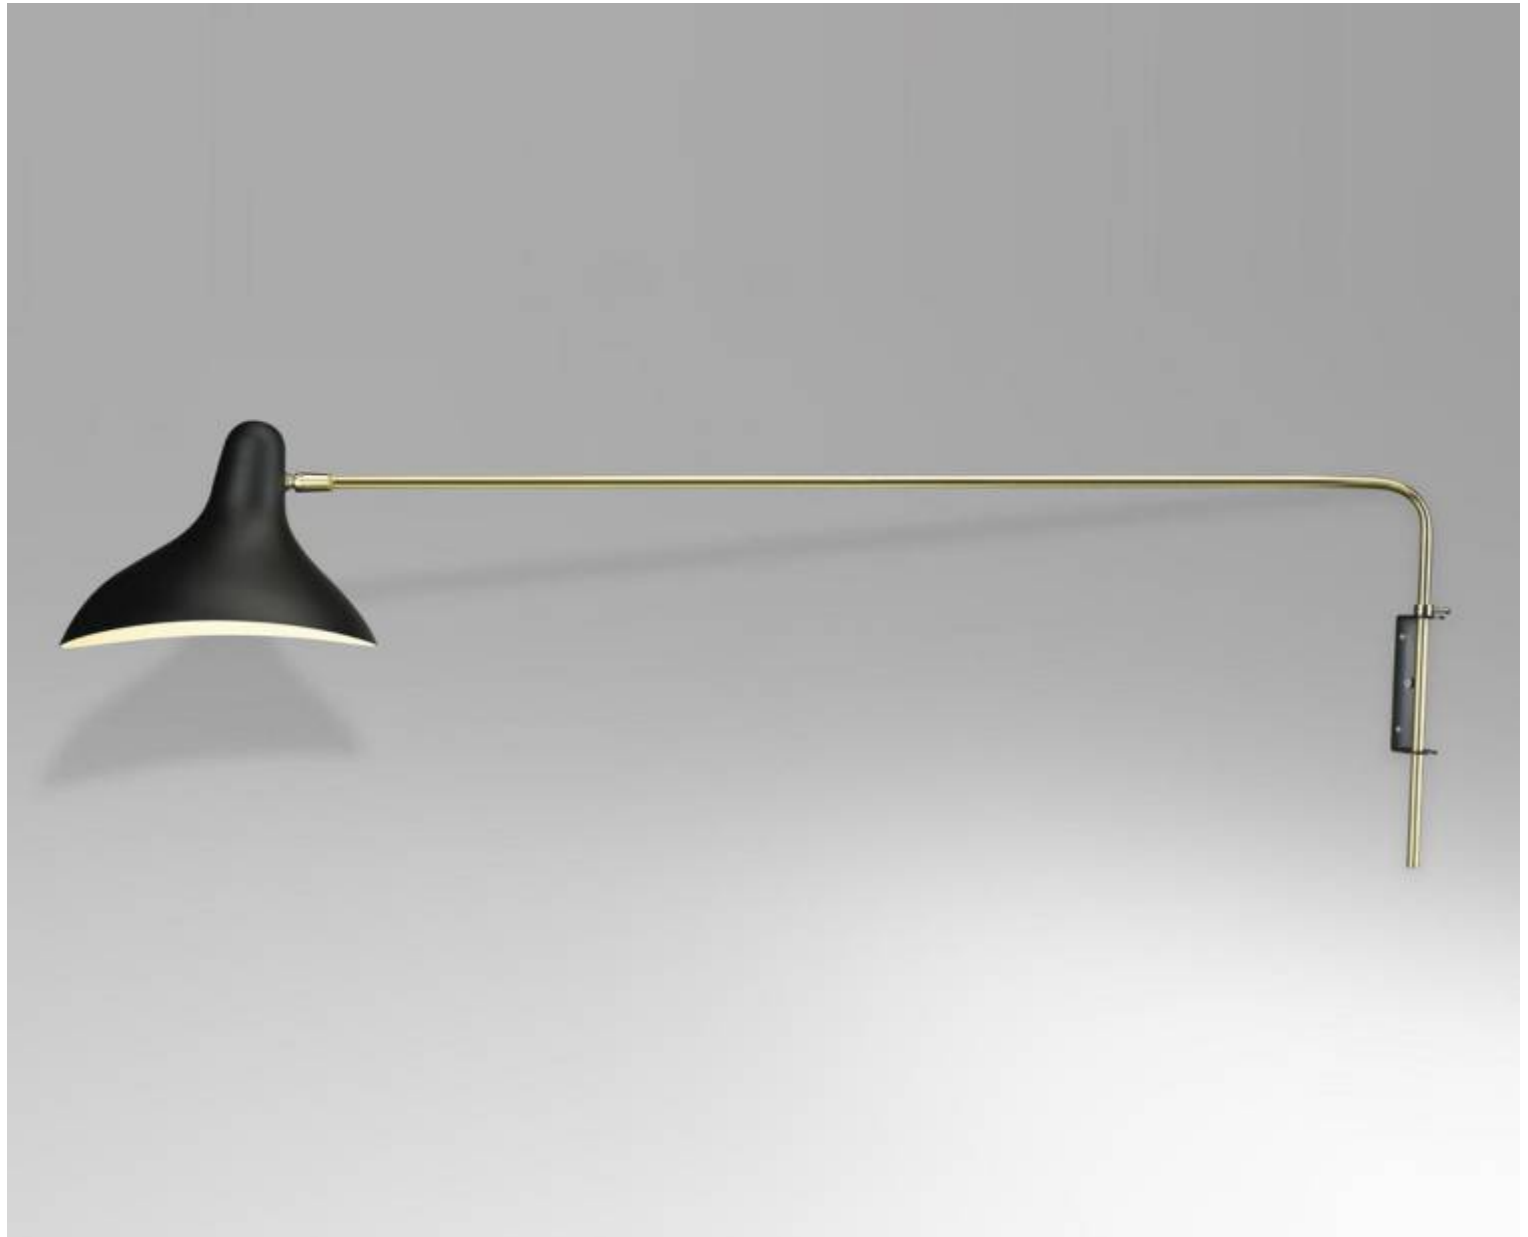

Material: Wet painted with the stem and base made of steel, the shade is spun steel.

Dimension: Ø15cm, W33cm, H18cm

Item number: EL002A

Material: Frame made in brass with steel wall plate and aluminum shade with black twisted fabric covered cable. Socket is E14 with max 60W.
Dimension: W30cm, L101cm
Item number: EL055

Material: Base in painted metal, shade in painted aluminum, arm and joints in brass with black twisted fabric spun cable
Dimensions: W46cm, L100cm
Item number: EL056B

Material: Base in painted metal, shade in aluminum, arm and joints in brass with black twisted fabric spun cable. Socket is E14 with max 60W.

Dimension: W46cm, L100cm

Item number: EL056

Material: Frame in steel and aluminum shade.

Dimension: D75cm, H128cm

Item number: EL062

Material: Frame in tubular steel, spun curve cut aluminum shade, nickel plated joints and fabric covered twisted cord.

Dimension: H20,5cm D45cm

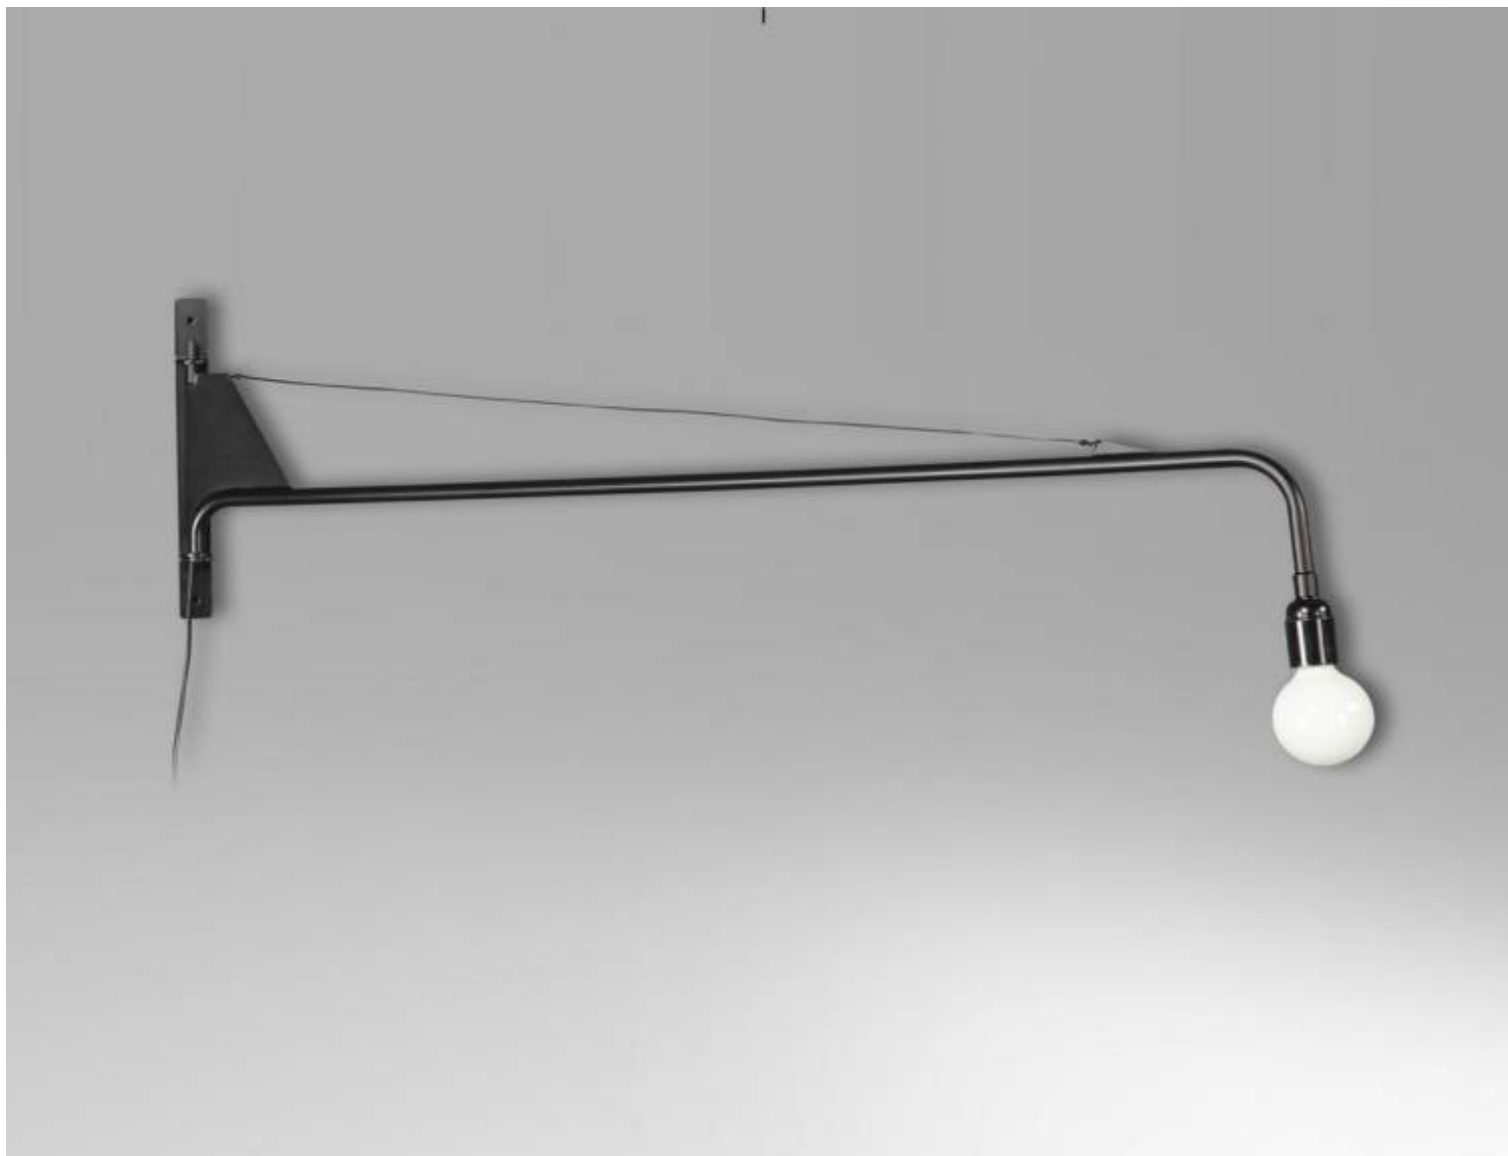

Item number: EL051

Materials: The lamp is made from a black painted steel rod and tension wire with a wall mounting bracket in steel.

Dimensions: L107cm, H30cm

Item number: EL044

Materials: The lamp is made from a black painted steel rod and tension wire with a wall mounting bracket in steel.

Dimensions: D35cm, W203cm, H76cm

Item number: EL012

Material: The shade is blown opal glass, stem and base in chrome finish.

Dimension: Ø29cm, H23cm

Item number: EL067

Carpet, hand tufted in 100% New Zealand wool with cotton fabric backing, 12mm height, 2000g/m2, size:EA1506A: 200 * 150cm , EA1506B:350*262 cm

Description: Hand tufted carpet
in 100% New Zealand wool with
cotton fabric backing, 12mm
height, 2000g/m2.
Size: 140 * 120 cm; **Item number:**
EA1508

Description: Hand tufted carpet
in 100% New Zealand wool with
cotton fabric backing, 12mm
height, 2000g/m2.

Size and Item no.: EA1507A
