Tomek Rygalik - art director of Nobonobo
Monika Struska i Tomasz Matejczyk - founders of Nobonobo

We met many years ago while working as quality experts in the automotive industry. As we set our own company, from the very beginning, we focused on keeping quality at the heart of everything we do. After several years of operation, we joined forces with Studio Rygalik to create a brand based on our shared values. To us, one of the indicators of the highest quality is the use of the best materials for furniture production. For upholstered furniture we've chosen natural feathers, unparalleled with any synthetic alternatives. Excellent, original design - understood holistically in terms of every aspect of products and services, became the foundation of Nobonobo. Tomek Rygalik's art direction leads our brand to development of the entire collection, which will abound in new designs and further improvements of our already acknowledged product offer. With a clear vision and great enthusiasm we created this first catalog, where we proudly present the results of our cooperation. Enjoy the reading and feel free to contact us. We are here for you.

Monika and Tomasz

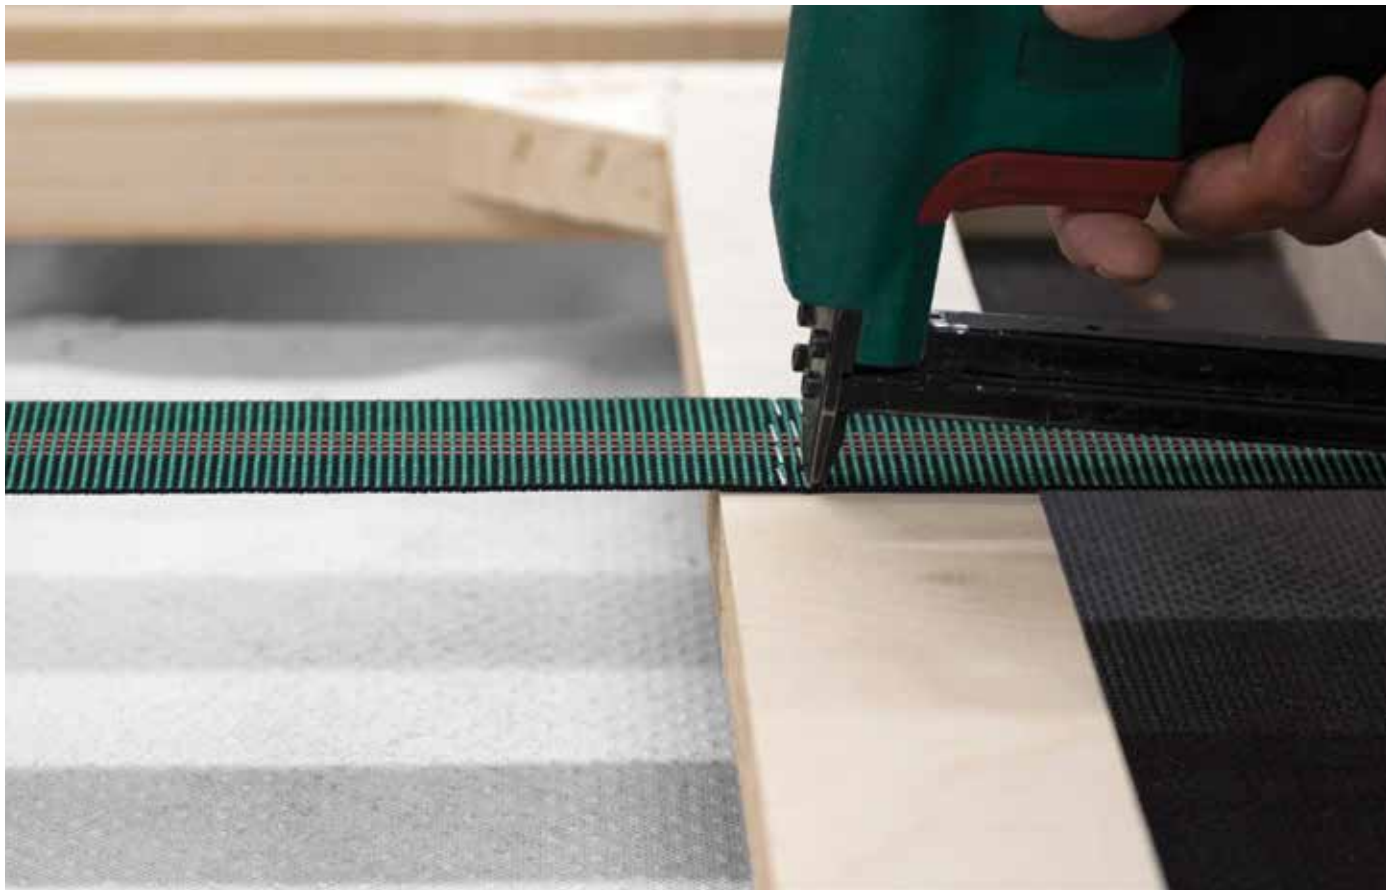

Better quality.
Better comfort.
Better life.

Wadi

Sofa, Pouf
Fabric - Spessa 3

Wadi

designed by Tomek Rygalik, Studio Rygalik

Wadi collection includes a double and triple sofa, an armchair and a pouf. Regardless of the space, Wadi will not dominate it and will become a distinctive element of the interior. Its characteristic form consists of a combination of narrow modules. It is super comfortable and the covers are removable for maintenance. Wadi collection is designed and produced within the circular economy model and has been recognised with prestigious awards - Must Have 2020 and Good Design 2020.

Feza

photo : Marcin Grabowiecki
interior design : Kałasa Concept

Feza

The Feza modular sofa has a universal industrial design, this is why it matches any interior design, from those modern to those classic ones. Its design and high quality deserve special attention. The sofa is supported on metal legs that perfectly balance the wide and, at the same time, comfortable seats finished with precise seams. The sofa can be configured freely, since many different modules are available. Feza is the winner of the prestigious 2018 Design dla Konesera award.

Most

Most

The Most sofa is distinguished mainly by its unprecedented style. Delicate quilts and loose backrest cushion filling give the effect of a soft, extremely comfortable sofa adapted to the needs of the present market. The Most sofa is supported by metal legs shaped like a bridge, hence the name of this model. Most won the prestigious Design dla Konesera award in 2019.

Umo

Umo

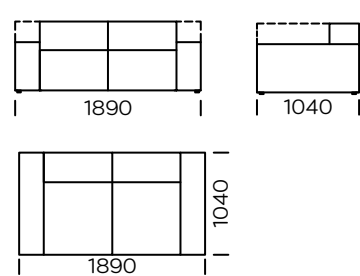

The Umo sofa will charm for enthusiasts of modern and minimalist forms, who expect comfort and convenience. It has a modular design, which gives broad opportunities of adapting the furniture as necessary. This opens almost unlimited possibilities of configuring the furniture's layout, and creating a true island of leisure in any living room. One decoration of this sofa is its exposed sewing, which enhances its style. Umo is a typical lazybones, who invites to rest and relax with its design.

Umo

The unfolding Umo pouffe is a 2in1 solution. The smart un-folding system of the ergonomic frame and the comfortable foam mattress turn the pouffe into a bed. This way, the model will be perfect in small apartments as additional sleeping place. And after folding, the pouffe provides high comfort, as in the case of the Umo sofa, and matches its visual appearance. It has characteristic natural wrinkling and exposed seams at the edges.

Raksa

photo : Yassen Hristov

Raksa

designed by Tomek Rygalik, Studio Rygalik

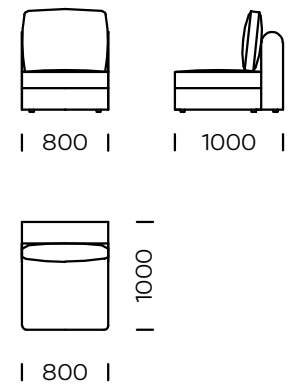

Raksa designed by Tomek Rygalik with its plain form and refined proportions is a super comfortable modular sofa with a timeless line. The backrest is harmoniously composed of large cushions. It consists of soft modules enabling many configurations, and includes a table module veneered in timeless, elegant oak or American walnut. Raksa is available in two versions with different depths, to enhance the feeling of comfort, and adapt its standard to individual needs. Designed with sustainability and ease of maintenance in mind, Raksa's upholstery can be completely removed.

Beone

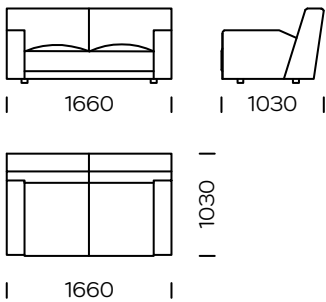

Beone

The Beone sofa is an offer for those who enjoy ageless classics. The skillful combination of modern, but not intimidating design makes it possible to arrange it in almost any room. Its primary assets are its oblique backrests and armrests, which, together with its suitable filling, guarantees extraordinary comfort. The whole is standing on short legs, which results in its levitating appearance.

Bola

Sofa 2
Fabric - Glam Velvet 11

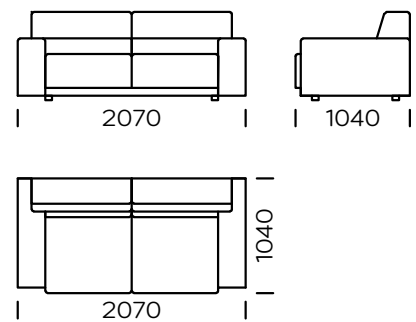

Bola

The Bola sofa features a modern design combined with practicality and functionality. It is available in both a non-folding, and a folding version. The sleeping function is the sedaflex system, equipped with a foam mattress with a height of 10 cm, it is intended for naps. Bola is a convenient and comfortable sofa, among others thanks to its ergonomic backrest, which fits the person sitting on it perfectly. The modern style, and carefully designed details, which characterize this model, will satisfy the needs of even the most demanding enthusiasts of the contemporary industrial design. One detail distinguishing this sofa is its special pocket sewing, used to finish the sofa's sides and backrest.

Aero

3- Seater Sofa plus
Fabric - Brill 25

Aero

Aero is a universal sofa with a strong personality. It is worth paying attention to the decorative reverse stitching, enriched with thick threads. This makes that the imperfections as if the cover is put the other way round. This model seems to be floating above ground because it is supported on modern, straight legs made from durable, powder-coated metal. The Aero sofa is a universal model which may be interpreted with the modern, elegant, classic and traditional style.

Lizert

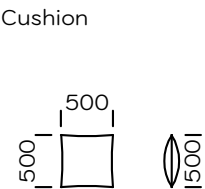

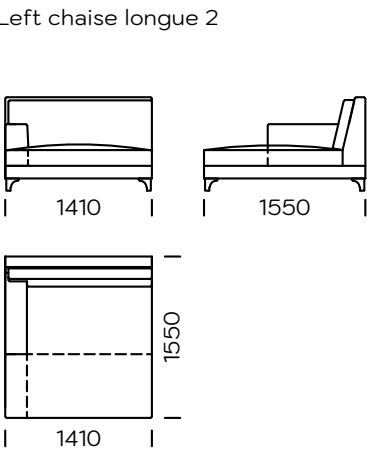

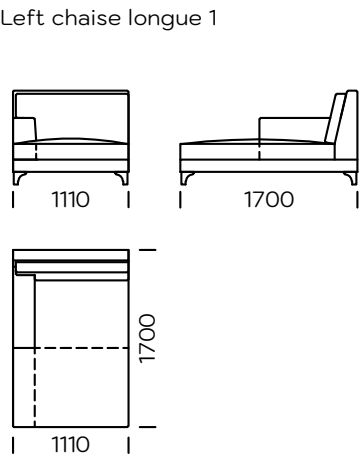

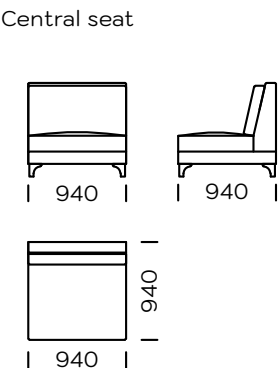

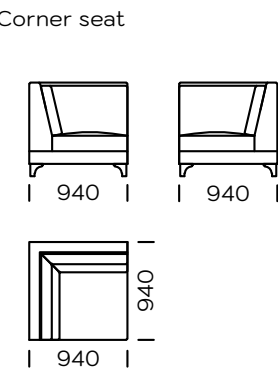

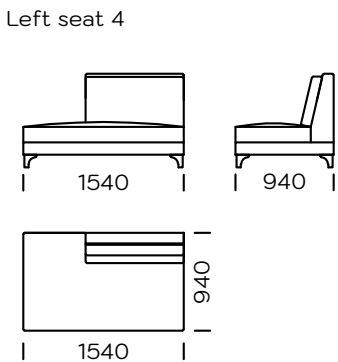

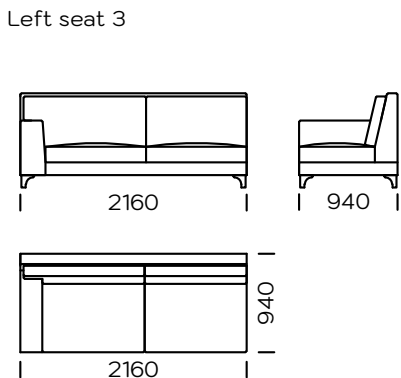

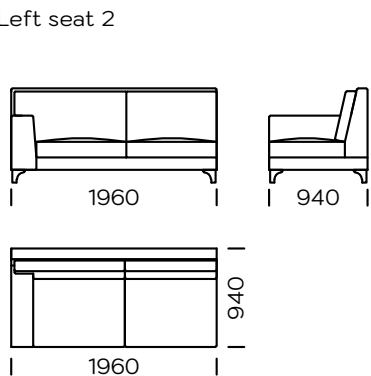

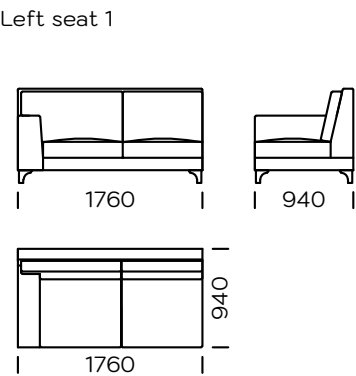

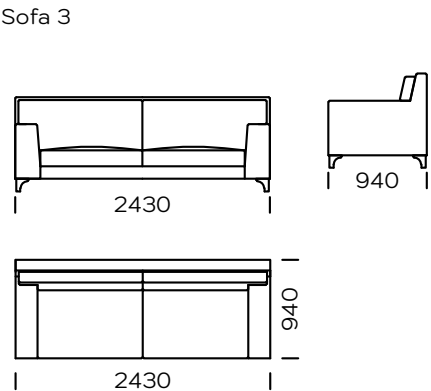

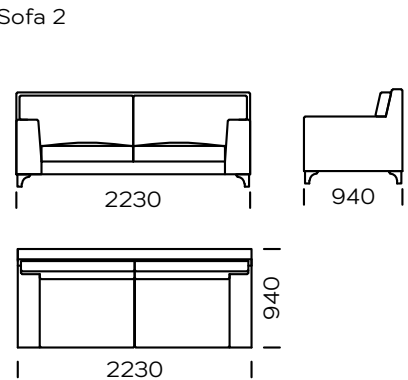

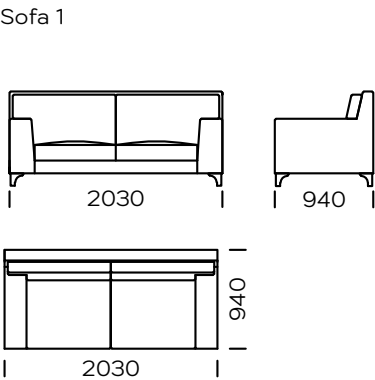

Sofa 2
Fabric - Cameleon 7

Lizert

Lizert is a universal model, it matches both classical and modern rooms. It is characterized by its high workmanship quality, since creating this furniture involves caring for every possible detail. Its style has been delicately highlighted with its precisely made and sewn trimmings. The backrest pillows, which are located slightly below the backrest line, are additionally displayed. The wooden legs that support the sofa give it its light appearance, so it does not dominate the room.

Isma

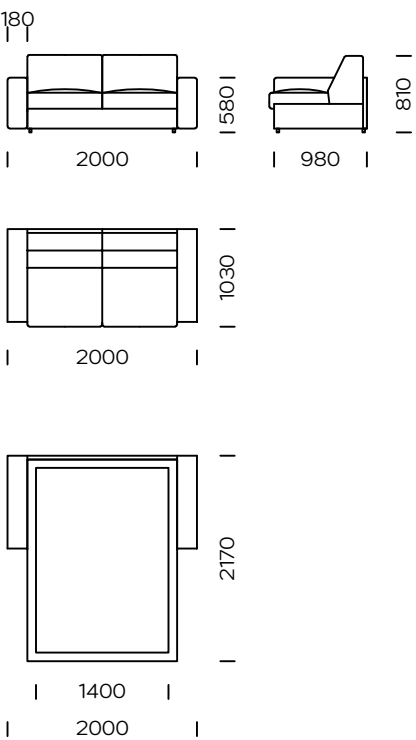

Isma

Sofa Isma has a universal industrial design combined with functionality. It matches rooms with little space, where the sleeping function is an additional advantage, particularly well. Here, Isma works best, since, after unfolding, we have a fully-dimensional surface area for sleeping equipped with a comfortable mattress, intended for daily sleeping. The entire process of unfolding and folding is very fast, and does not require removing the pillows, which is important particularly in small spaces.

Oo

designed by Tomek Rygalik, Studio Rygalik

Oo collection designed by Tomek Rygalik consists of round tables of different sizes and heights. Two types are available: a dining table intended for residential interiors, and a cafe table, dedicated for commercial premises. Their distinctive detail is the ring surrounding the metal base. The tabletops feature a soft, rounded bottom edge and are veneered with elegant and timeless oak or American walnut. The collection allows for creating diverse interior arrangements.

Bamba

designed by Mleko Living

The Bamba rack system has been designed by Mleko Living design bureau. The model is intended for residential, and office rooms. It consists of eight elements, which, when assembled, form a uniform and compact structure. The steel frame is robust, and stable. The shelves are available in two variants – wooden with natural veneer, and steel with a raised edge. Three feet lengths make it easier to create different configurations. What's important, the installation is easy and requires no tools. Therefore, we can change the arrangement of the shelves, or add new ones at any time. The model won the prestigious Must Have award in 2020.

Skoro

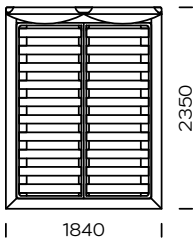

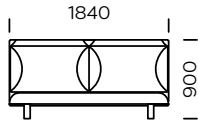

The Skoro bed is a great proposal for enthusiasts of modern interiors. The model has an interestingly designed headrest with two pillows resting on it. They ensure soft support during reading or watching films. The frame of the bed is also softly upholstered. The Skoro model is a direct invitation to blissful leisure.

Violet

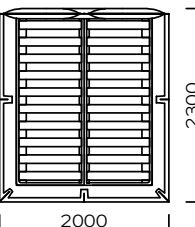

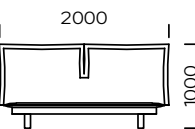

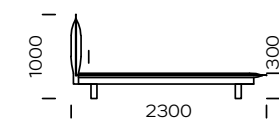

The Violet bed has a definite nature, which makes it the most attractive element in the bedroom. It is an offer for persons looking for original solutions. And all this results from the decorative frill that surrounds the frame and the headrest. The whole is supported on round legs made from solid oak wood.

Alier

The Alier bed is a classic offer for bedrooms – elegant in its simplicity. One interesting detail is its precisely made trimmings that match the upholstery color. The model has a container for bed linen, which provides an additional storage place.

Mark

The Mark bed is characterized by its softly upholstered base, which fluently turns into the headrest. The model's harmonious style results from the trimmings constituting a decorative element. The Mark bed has a light, modern form emphasized by the legs made from solid wood.

Piero

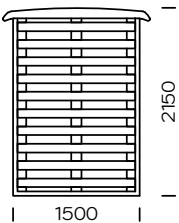

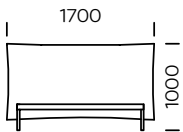

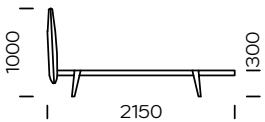

Piero, a modern upholstered bed, is a model with a soul. A wide headrest covers the mattress, creating the pleasant sense of coziness. This is intensified by softly upholstered fabrics pleasant to the touch, with interesting natural wrinkles. The base of this bed is formed by a wooden frame and legs made from solid beech wood.

Fabric - Sofia 16
Base - Scandinavian

Piano

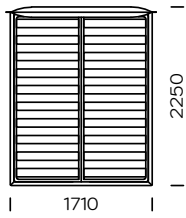

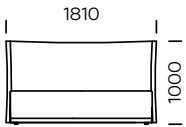

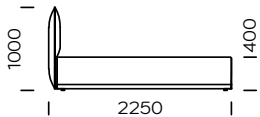

The Piano upholstered bed is a model that can be distinguished by its loosely sewn cover that rests freely on the robust structure. The whole is complemented by details in the form of decorative knots on a soft and comfortable headrest. The model is intended for persons who like wrinkling and naturally creased, loose materials. These are the features that give the proper tone to the whole. An additional advantage is a large container for bed linen.

Maxim

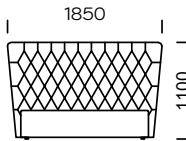

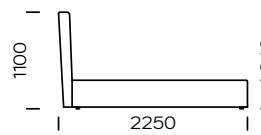

The Maxim bed draws attention with its high trapezoid-shaped headrest. Its exceptionally decorative nature results from its deep quilting with upholstered buttons, or made from Swarovski's crystals. It is contrasted by a smoothly upholstered frame, equipped with a bed linen container.

Pyora

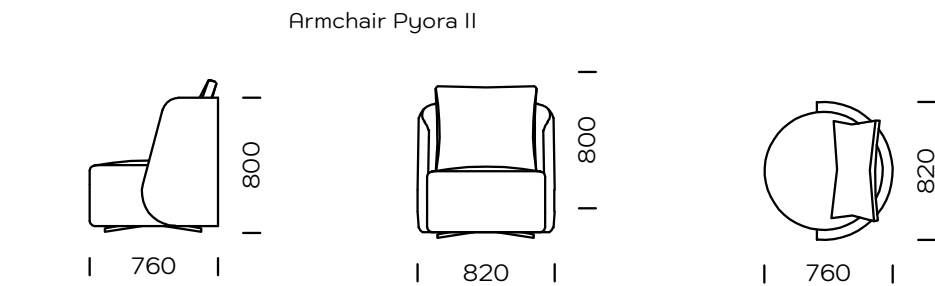

Pyora is an armchair in two options that perfectly match modern interiors. Pyora I is the version supported on an elegant, chrome-plated rotating foot, so it can be called a business armchair. Pyora II is the club version, perfect both for a contemporary living room, and for a hotel lobby. Regardless of the type of the room, the Pyora armchair makes it more welcoming, without affecting its elegance.

Natto

designed by Tomek Rygalik, Studio Rygalik

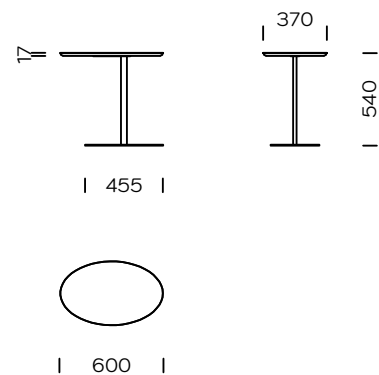

Natto collection is characterised by three distinctive tabletop shapes - oval, stadium and squoval. The tops have a soft, rounded bottom edge and are veneered with elegant and timeless oak or American walnut . The table can be easily cantilevered over the sofa seat, increasing the functionality and supporting the comfort of use. While relaxing on the sofa, Natto table can serve as a suitable place for a book, laptop or a cup, within an easy reach.

Oo

designed by Tomek Rygalik, Studio Rygalik

Oo coffee table designed by Tomek Rygalik has a simple, timeless form, which consists of two circles – the table top and the base with the distinctive ring around it. The circular shape has also inspired the name, which perfectly reflects the table's character. The tabletops feature a soft, rounded bottom edge and are veneered with elegant and timeless oak or American walnut, while the solid base is made of metal. The collection also includes a dining table and a cafe table.
